## COUNTRY STATE BANK IS ROBBED OF \$25,000

### STATE BANK OF LONSDALE FALLS PREY TO YEGGS

ROBBERY NOT DISCOVERED UNTIL OPENING HOUR, EIGHT THIS MORNING

ACETYLENE BURNING OUTFIT USED TO BURN IN TWO DOORS OF THE SAFE

(By United Press)  
Faribault, Minn., Nov. 29.—Bank robbers early today looted the State Bank of Lonsdale, 15 miles northwest of here and escaped with \$25,000 in cash and securities.

The robbery was not discovered until the opening hour—8 o'clock this morning. An officer of the bank said the loot obtained included about \$7,000 in cash and \$18,000 in bonds and negotiable papers.

The yeggs gained entrance by prying open a rear window. They carried in an acetylene burning outfit, and burned holes in two doors of the safe to open them.

There was no noise or disturbance of any kind to arouse any of the 500 sleeping residents of the village. There is no night watchman or town marshal or guard since only one other robbery has occurred in Lonsdale in the last year—and that was a minor one.

No one saw an automobile or suspicious characters about the town. The bandits evidently used an automobile, however, for a considerable amount of pennies, nickels and dimes was discarded near where the highway crosses the Milwaukee railroad tracks, east of town. A farmer found the coins there this morning.

A farmer west of town reported being disturbed at night when his dogs were aroused. He looked out, but could see no one.

The Rice county sheriff and towns in all directions were notified of the robbery when it was discovered, but no one had a description of the bandit car, or even knew the number of bandits.

First Robbery Since Jesse James  
Faribault, Nov. 29.—The robbery of the State Bank of Lonsdale early today was the first bank robbery in Rice county since the famous James and Younger brothers raid at Northfield in 1876. At that time the James and Younger brothers made a daylight raid and terrorized the town.

Early today yeggs slipped into Lonsdale, worked quietly and escaped with between \$25,000 and \$30,000, leaving no trace.

### ORDERS TIGHTENING UP ENFORCEMENT

(By United Press)  
Washington, Nov. 29.—Attorney General Daugherty today ordered all United States attorneys to tighten up enforcement of the prohibition laws.

In a general statement sent to all federal attorneys, Daugherty asked that all liquor cases now in the courts be expedited and where possible to see that all persons found guilty are given heavy sentences.

### REPUBLICANS TRY BREAKING FILIBUSTER

(By United Press)  
Washington, Nov. 29.—A plan to break the vigorous anti-administration filibuster tying up legislative and judicial activities in the senate was brought into action by republican leaders today.

### They Are Determined Group

Washington, Nov. 29.—Notice was served that if the filibuster is not abandoned the senate will be held in session over Thanksgiving day until action can be forced on the Dyer bill.

This apparently futile move to scatter the little group of insurgents only met with rebuke and warning from the filibuster.

They answered that the Dyer bill "shall not pass if the senate sits forever."

## Britain Breaks Relations With Greeks

### SHIP SUBSIDY BILL TO FINAL VOTE IN SENATE TODAY

WILL CONSTITUTE FIRST REAL TEST OF PRESIDENT HARDING'S LEADERSHIP

ADMINISTRATION LEADERS BELIEVE BILL WILL PASS BY AT LEAST 20 VOTES

(By United Press)  
Washington, Nov. 29.—The ship subsidy bill with its fate constituting the first out and out test of President Harding's leadership over the republican majority in congress, will come to a final vote in the House late today with the outcome very much in doubt.

Administration leaders taking stock after a fight in which they have drawn every ounce of their power behind the president, professed confidence the subsidy would pass "by at least 20 votes."

Opponents claimed that they had the bill beaten by "at least ten votes."

These estimates based on polls made by the contending factions indicated how close the vote will be. The thing that was worrying both sides was the probability that fifty or sixty members will not be on hand to vote.

Although telegrams have been sent out calling in all absentees, there undoubtedly will be a considerable number who will not respond.

If the bill passes the House, President Harding will have succeeded pushing ship subsidy legislation further than any president. A number of executives have tried to secure enactment of shipping aid legislation without even getting it through one branch of congress.

Former President Taft twice appealed personally for a ship subsidy and failed to secure favorable action in either the house or senate.

But regardless of whether the difficulties in the House are overcome, senate leaders have frankly informed the president the subsidy appears to have little or no chance of passage in the upper chamber.

### WHERE WET CITY OF BROTHERLY LOVE GOT BOOZE

100 GALLON STILL IN LIVERY STABLE EXPLODED THERE TODAY

1 KILLED INSTANTLY, 1 DIED TODAY, 3 MORE IN THE HOSPITALS

(By United Press)  
Philadelphia, Nov. 29.—One man was killed instantly, one died today, and three others are in hospitals probably fatally injured as the result of an explosion of a 100 gallon still that was being operated in a stable here last night.

Police today stated that 1,000 gallons of alcohol was stored in the stable and following the explosion of the still a score of smaller blasts followed as fire reached a number of barrels containing alcohol.

### RAID HOME FOR BOOZE; 3 KILLED

(By United Press)  
Harlan, Ky., Nov. 29.—Three men here were dead today as a result of an attempted booze raid on the home of Harlan Ball late yesterday when James Pope, chief of police of Harlan, entered the house in search of liquor. Ball opened fire. In a great battle which followed, Pope shot James Ball and his son Sidney Ball, and staggered from the house mortally wounded.

### Thanksgiving Day Summons All America to Serve Humanity, says Harding Proclamation

President Harding in his annual Thanksgiving proclamation calls upon the people of the country to continue "to make our own great fortune a means of helping and serving as best we can the cause of all humanity."

"Let us in all humility acknowledge how great is our debt to the providence which has generously dealt with us and give devout assurance of unselfish purpose to play helpful and ennobling parts in human advancement," the proclamation reads.

"In spite of the consequences of the recent war, our country," the president said, has been "at peace and has been able to contribute toward the maintenance and perpetuation of peace in the world."

The proclamation follows:

"IN THE beginning of our country, the custom was established by the devout fathers of observing annually a day of thanksgiving for the bounties and protection which Divine Providence has extended throughout the year. It has come to be perhaps the most characteristic

of our national observances and, as the season approaches for its annual recurrence, it is fitting formally to direct attention to this ancient institution of our people and to call upon them again to unite in its appropriate celebration.

"THE year which now approaches its end has been marked, in the experience of our nation, by a complexity of trials and triumphs, of difficulties and of achievements, which we must regard as our inevitable portion. As we survey the experience of the passing 12 months, we shall find that our estate presents very much to justify a nationwide and most sincere testimony of gratitude for the bounty which has been bestowed upon us.

"THOUGH we have lived in the shadow of the hard consequences of great conflict, our country has been at peace and has been able to contribute toward the maintenance and perpetuation of peace in the world. We have seen the race of mankind make gratifying progress on the way to permanent peace, toward order and restored confidence in its high destinies.

"For the divine guidance which has enabled us, in growing fraternity with other people, to obtain so much progress; for the bounteous yield which has come to us from the resources of our soil and our industry, we owe our tribute of gratitude and with it our acknowledgement of

the duty and obligation to our own people and to the unfortunate, the suffering, the distracted of other lands, let us in all humility acknowledge how great is our debt to the Providence which has generously dealt with us and give devout assurance of unselfish purpose to play helpful and ennobling parts in human advancement. It is much to be desired that, in tendering homage for the blessings which have come to us, we should earnestly testify our continued and increasing aim to make our own great fortune a means of helping and serving, as best we can, the cause of all humanity.

"NOW, therefore, I, Warren G. Harding, president of the United States of America, do designate Thursday, the 30th day of November, as a day of thanksgiving, supplication and devotion. I recommend that the people gather at their family altars and in their houses of worship to render thanks to God for the bounties they have enjoyed, and to petition that these may be continued in the year before us.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this 28 day of November, in the year of our Lord, 1922, and of the Independence of the United States of America, the 147th."

### HOME WRECKING BY VAMPIRES CHECKED BY INJUNCTIONS

LOVE PIRATES WHO PILFER AFFECTIONS OF MARRIED PERSONS TO BE TARGETS

WILL ACT AS CHECK ON DIVORCE EVIL, SAYS JUDGE TIMOTHY D. HURLEY

(By United Press)  
Chicago, Nov. 29.—Home wrecking by vampires was outlawed today by Judge Timothy D. Hurley, prominent divorce judge.

Love pirates who pilfer the affections of married persons will be targets of court injunctions, he announced.

Sweeping restraining orders forbidding guilty "vampires" of further

trafficking in the affection of "abused wives" and "misunderstood husbands," will act as a big check on the increasing divorce rate in the opinion of Judge Hurley.

If the evidence shows that a husband has succumbed to the wiles of vampires or flappers, the guilty vampire will be promptly served with a restraining order, according to the judge's plans. The injunction will restrain the interloper from seeing, talking to or writing to the husband. A similar injunction will be issued against the male vampire who steals the affections of another man's wife.

### GAS HEATER KILLED SIX IN A FAMILY

(By United Press)  
Columbus, Ohio, Nov. 29.—The deaths of Irvin E. Henderson, his wife and four children at Lancaster, Ohio, last week, was the result of carbon monoxide poison from a gas heater, the state department of health announced today.

### FOR OUR THANKSGIVING DAY

#### A Prayer

WITH all my getting, Lord to You  
I pray, grant Understanding too,  
That always I may see The Light,  
Nor deviate from paths of right;  
That in the hurrying rush for fame  
I may have luck to play the game,  
To cleanly live, nor crawl, nor shirk,  
And know the joy of honest work.

Oh, may this blessing come to me  
To be the man I wish to be!  
To help whenever help I can  
Some lesser lucky fellow-man;  
Nor ask reward, but this alone,  
That You have seen, that You have known;  
That favored in the world of men  
I stand not outcast in Your ken.

Lord God of Workers, hear my prayer—  
To play the game and play it fair;  
To conquer, win; but if to lose  
Not to revile nor to abuse,  
But, understanding—start again.  
Grant me this strength, O Lord—Amen.

Publicity Committee, Federated Shopcrafts, Brainerd, Minn.

### VIGILANTES AND OIL FIELD MEN PITCHED BATTLE

SEVERAL HUNDRED SHOTS EXCHANGED BY TWO FORCES IN ARKANSAS

WIRE COMMUNICATION FROM CAMDEN TO ELDORADO IS CUT OFF

(By United Press)  
Camden, Ark., Nov. 29.—Sheriff Ed. Harper and deputies left here today for Smackover where 200 masked vigilantes and 25 oil field workers were reported to have staged a pitched battle.

Sheriff Harper declared reports from various sources were that several hundred shots were exchanged by the two forces, but he had not heard today regarding casualties.

The fighting continued until two o'clock this morning, Harper was advised.

Wire communication from Camden and Eldorado to Smackover has been cut off and details are not available until Sheriff Harper returns here.

#### Settlement Reported Afire

Eldorado, Ark., Nov. 29.—A new battle between underworld characters and vigilantes has broken out near the border of Ouachita and Union counties in the Smackover oil field district, according to reports received here.

A part of the settlement was said to be afire.

### PRISONER FLOODS JAIL IN TRYING TO ESCAPE

Crosby, Minn., Nov. 29.—Crosby jail presented the scene of a miniature flood yesterday morning after Leonard Schall of Brainerd had been placed in the place.

Schall was rough-housing it at a dance when the police locked him up, but not until after a battle. Early in the morning the night policeman entered the jail and on opening the door was drenched with a flood of water.

Schall had wrenched one of the water pipes from the wall, evidently intending to use the pipe as a pry to break jail. Instead he was driven to an upper bunk.

### CLEMENCEAU'S 3RD ADDRESS SEEMS TO HAVE MISSED FIRE

ATTENTIVE BUT UNENTHUSIASTIC AUDIENCE GREETED HIM IN CHICAGO

TIGER PULLED NO PUNCHES, ON THE WHOLE HIS TALK FAILED TO REGISTER

(By United Press)  
Chicago, Nov. 29.—Only the anticlimax remained today of the great Thompson-Tiger battle.

Georges Clemenceau's third formal American address delivered to an attentive but unenthusiastic audience at the auditorium yesterday, appears from comment and criticism throughout the middle west to have missed fire.

Mayor William Hale Thompson's much anticipated meeting "against foreign propaganda" turned out to be one of those affairs where precinct police captains waved standards with determined enthusiasm "for a fourteen minute ovation."

The mayor's only direct reference to the Tiger was a compliment to the city's guest as a "patriotic French gentleman" and a profession that Thompson did not believe the United States should participate at Lausanne.

Clemenceau, up early as usual, expressed belief to his friends that his speech had fallen somewhat flat. The Tiger's delivery more than that of a kind old teacher than that of a war time orator, and difficulty with the acoustics were largely responsible for that.

Clemenceau pulled no punches, and at times was more vitriolic than ever before; but somehow the whole thing seems to have failed to register. The Tiger will try again at Springfield tomorrow to get his message across to the middle west.

### MILLIONAIRE MAYOR SUCCEEDS NEWBERRY

(By United Press)  
Lansing, Mich., Nov. 29.—James Couzens, millionaire mayor of Detroit, was named United States senator from Michigan today to fill the seat made vacant by the resignation of Truman H. Newberry.

"Mayor Couzens will go to Washington unhampered by promises of political patronage or pledges as to his policies," said Governor A. J. Groesbeck in making public the appointment.

"He can represent the state without being bound by ties of any kind."

The new senator will take office at the beginning of the regular session of congress in December. Although recently reported in ill health, Couzens has regained his strength and old time vigor.

### GOVERNOR ISSUES 4 PROCLAMATIONS

(By United Press)  
St. Paul, Nov. 29.—Governor Preus issued four proclamations today.

One provides for the division of Beltrami county establishing the northern half as Lake of the Woods county, the northernmost county in the United States.

Two other proclamations announced amendments to the state constitution which were ratified at the election November 7th. One is the rural credits amendment, and the other makes valid the occupational tax.

The fourth proclamation designates next Sunday as Near East Relief Sunday.

### JUSTICE M. PITNEY TO RETIRE SOON

Washington, Nov. 29.—The House judiciary committee ordered today a favorable report to the House on the resolution retiring Associate Justice Mahlon Pitney of the supreme court who is seriously ill at his home in New Jersey.

The resolution has already passed the senate, but probably will not be taken up by the house until next week.

### VIGILANTES AND OIL FIELD MEN PITCHED BATTLE

SEVERAL HUNDRED SHOTS EXCHANGED BY TWO FORCES IN ARKANSAS

WIRE COMMUNICATION FROM CAMDEN TO ELDORADO IS CUT OFF

(By United Press)  
Camden, Ark., Nov. 29.—Sheriff Ed. Harper and deputies left here today for Smackover where 200 masked vigilantes and 25 oil field workers were reported to have staged a pitched battle.

Sheriff Harper declared reports from various sources were that several hundred shots were exchanged by the two forces, but he had not heard today regarding casualties.

The fighting continued until two o'clock this morning, Harper was advised.

Wire communication from Camden and Eldorado to Smackover has been cut off and details are not available until Sheriff Harper returns here.

Settlement Reported Afire

Eldorado, Ark., Nov. 29.—A new battle between underworld characters and vigilantes has broken out near the border of Ouachita and Union counties in the Smackover oil field district, according to reports received here.

A part of the settlement was said to be afire.

### PRISONER FLOODS JAIL IN TRYING TO ESCAPE

Crosby, Minn., Nov. 29.—Crosby jail presented the scene of a miniature flood yesterday morning after Leonard Schall of Brainerd had been placed in the place.

Schall was rough-housing it at a dance when the police locked him up, but not until after a battle. Early in the morning the night policeman entered the jail and on opening the door was drenched with a flood of water.

Schall had wrenched one of the water pipes from the wall, evidently intending to use the pipe as a pry to break jail. Instead he was driven to an upper bunk.

### EXECUTION OF 6 GREEK CABINET MINISTERS, CAUSE

ENGLAND MAY TAKE DRASTIC ACTION TOWARD THE GREEK GOVERNMENT

BRITISH MINISTER LINDLEY ORDERED TO LAUSANNE TO CONFER WITH CURZON

(By United Press)  
London, Nov. 29.—Great Britain today suspended relations with Greece because of the execution yesterday of six ministers of the cabinet which fell when King Constantine abdicated, it was officially announced.

British Minister Lindley was ordered to Lausanne to confer with Lord Curzon, foreign secretary, upon further drastic action toward the Greek government.

It left on the mission immediately only the first secretary of the legation remaining in Athens, according to a Central News dispatch.

The cabinet members were executed following conviction by a military tribunal of responsibility for the recent Turkish victories over the Greek armies.

The precedent of suspending relations by the British, it was suggested, probably would be the break in diplomatic relations with Serbia in 1903 as a result of the murder of the Serbian majesties by revolutionaries.

Early in the trial the British government made representations against possible imposition of the death sentence. London dispatches said the British action had been generally resented in Athens and that the recent fall of the Zaimis ministry could be traced directly to the British stand.

### NEGRO CHALLENGES SENATOR; EJECTED

CRIPPLED VETERAN INTERRUPTS DEBATE CONCERNING BLACK TROOPS

Washington, Nov. 29.—The senate upheld its traditional dignity by ejecting a crippled Negro veteran of the world war who stood up in the gallery and interrupted Senator G. M. Hitchcock, of Nebraska, who was assailing the policy of France in maintaining black troops in the occupied German territory.

Challenging former Premier Clemenceau's denial of the use of black troops on the Rhine, Senator Hitchcock declared he had it on "competent authority" that in October France had 23,000 colored troops in the occupied area.

At this juncture, Lucius Jones, Negro of St. Louis, in his soldier uniform, apparently ignorant of the rules of the senate, rose in the gallery and demanded permission to ask Senator Hitchcock a question. The chair rapped for order and in a moment the proceedings continued without further interruption.

Senator Pat Hefflin, democrat, Alabama, was enraged at the incident. He said white visitors were sometimes ejected from the gallery for applauding; here, he said, a black man had insulted a senator and was permitted to remain. He demanded that such discrimination against the white race cease.

Several senators arose to defend the Negro. While the debate was in progress the doorkeeper decided the rules should be enforced. Jones left without complaining.

Senator H. L. Myers of Montana, declared that if all the blacks from the jungles of Africa were quartered in Germany, the Germans would be getting only about half their deserts.

### CLEMENCEAU'S 3RD ADDRESS SEEMS TO HAVE MISSED FIRE

ATTENTIVE BUT UNENTHUSIASTIC AUDIENCE GREETES HIM IN CHICAGO

TIGER PULLED NO PUNCHES, ON THE WHOLE HIS TALK FAILED TO REGISTER

(By United Press)  
Chicago, Nov. 29.—Only the anticlimax remained today of the great Thompson-Tiger battle.

Georges Clemenceau's third formal American address delivered to an attentive but unenthusiastic audience at the auditorium yesterday, appears from comment and criticism throughout the middle west to have missed fire.

Mayor William Hale Thompson's much anticipated meeting "against foreign propaganda" turned out to be one of those affairs where precinct police captains waved standards with determined enthusiasm "for a fourteen minute ovation."

The mayor's only direct reference to the Tiger was a compliment to the city's guest as a "patriotic French gentleman" and a profession that Thompson did not believe the United States should participate at Lausanne.

Clemenceau, up early as usual, expressed belief to his friends that his speech had fallen somewhat flat. The Tiger's delivery more that of a kind old teacher than that of a war time orator, and difficulty with the acoustics were largely responsible for that.

Clemenceau pulled no punches, and at times was more vitriolic than ever before; but somehow the whole thing seems to have failed to register. The Tiger will try again at Springfield tomorrow to get his message across to the middle west.

### MILLIONAIRE MAYOR SUCCEEDS NEWBERRY

(By United Press)  
Lansing, Mich., Nov. 29.—James Couzens, millionaire mayor of Detroit, was named United States senator from Michigan today to fill the seat made vacant by the resignation of Truman H. Newberry.

"Mayor Couzens will go to Washington unhampered by promises of political patronage or pledges as to his policies," said Governor A. J. Groesbeck in making public the appointment.

"He can represent the state without being bound by ties of any kind."

The new senator will take office at the beginning of the regular session of congress in December. Although recently reported in ill health, Couzens has regained his strength and old time vigor.

### GOVERNOR ISSUES 4 PROCLAMATIONS

(By United Press)  
St. Paul, Nov. 29.—Governor Preus issued four proclamations today.

One provides for the division of Beltrami county establishing the northern half as Lake of the Woods county, the northernmost county in the United States.

Two other proclamations announced amendments to the state constitution which were ratified at the election November 7th. One is the rural credits amendment, and the other makes valid the occupational tax.

The fourth proclamation designates next Sunday as Near East Relief Sunday.

### JUSTICE M. PITNEY TO RETIRE SOON

Washington, Nov. 29.—The House judiciary committee ordered today a favorable report to the House on the resolution retiring Associate Justice Mahlon Pitney of the supreme court who is seriously ill at his home in New Jersey.

The resolution has already passed the senate, but probably will not be taken up by the house until next week.

## LOCAL NEWS NOTES

MORE PROTESTS  
BY CITIZENS

Protesting against using any part of the court house grounds for a filling station, the League of Women Voters has appointed a committee to go before the county commissioners at their meeting December 16 and voice the objections of the League. The committee members are Mrs. J. P. Early, Mrs. A. C. Weber and Mrs. W. H. Cleary.

The Trades & Labor Assembly at its meeting Tuesday evening also voiced its disapproval of selling any portion of the court house grounds for a filling station.

BOYS PET SHEEP  
BRINGS \$2 POUNDPRICE RECORDS SMASHED AT  
1922 MINNESOTA JUNIOR  
LIVESTOCK SHOW

More kids! More and better animals! Higher prices! This, in a few words, is the story of the Fifth Junior Livestock show, held last week at South St. Paul. In every department it was greater than its predecessors. Probably the most outstanding feature was the record prices paid by bidders for the average animal, as well as for the prize winners.

A grade Hereford, with which Joe Isakson of Springfield won the grand championship in the calf class, sold to a St. Paul store for 75 cents a pound. Last year, the champion sold for 50 cents. Taking into consideration his prize money, Joe will realize nearly \$1500 on his calf.

The champion lamb, entered by Raymond Sullivan, New Prague, sold for \$2 a pound. The champion pig, fed by Terrance L. Hagen of Belview, brought 60 cents a pound.

The 210 calves sold for an average price of 14.5 cents a pound. The average price brought by the 37 pigs was 12.73 cents a pound; 39 lambs averaged 29.56 cents a pound.

Boys and girls from 70 counties in the state who entered animals in the show had the worth of "stick-to-it-iveness" well demonstrated in the judging ring. When Joe Isakson's animal was finally declared the grand champion, Joe had entries in two previous shows. Two years ago, he was in seventh place and last year in seventeenth, but came back this year to win with a better calf and a better understanding of the work, due to his previous defeats. "I'm gonna do like Joe did" was the slogan of every youngster when the show closed.

## MORE PROTESTS BY CITIZENS

Protesting against using any part of the court house grounds for a filling station, the League of Women voters has appointed a committee to go before the county commissioners at their meeting December 16 and voice the objections of the League. The committee members are Mrs. J. P. Early, Mrs. A. C. Weber and Mrs. W. H. Cleary.

The Trades & Labor Assembly at its meeting Tuesday evening also voiced its disapproval of selling any portion of the court house grounds for a filling station.

## PRICE RECORDS SMASHED AT 1922 MINNESOTA JUNIOR LIVESTOCK SHOW

More kids! More and better animals! Higher prices! This, in a few words, is the story of the Fifth Junior Livestock show, held last week at South St. Paul. In every department it was greater than its predecessors. Probably the most outstanding feature was the record prices paid by bidders for the average animal, as well as for the prize winners.

A grade Hereford, with which Joe Isaksen of Springfield won the grand championship in the calf class, sold to a St. Paul store for 75 cents a pound. Last year, the champion sold for 50 cents. Taking into consideration his prize money, Joe will realize nearly \$1500 on his calf.

The champion lamb, entered by Raymond Sullivan, New Prague, sold for \$2 a pound. The champion pig, fed by Terrance L. Hagen of Belview, brought 60 cents a pound.

The 210 calves sold for an average price of 14.5 cents a pound. The average price brought by the 37 pigs was 12.73 cents a pound; 39 lambs averaged 29.56 cents a pound.

Boys and girls from 70 counties in the state who entered animals in the show had the worth of "stick-to-it-iveness" well demonstrated in the judging ring, when Joe Isaksen's animal was finally declared the grand champion. Joe had entries in two previous shows. Two years ago, he was in seventh place and last year in seventeenth, but came back this year to win with a better calf and a better understanding of the work, due to his previous defeats. "I'm gonna do like Joe did" was the slogan of every youngster when the show closed.

## EDUCATIONAL WEEK IS WELL SUPPORTED

Brainerd to Contribute Its Part in  
Week Nationally Observed De-  
cember 3 to 9

### PLAN EXTENSIVE PROGRAM

Rural Districts Also Interested. Mes-  
sage to be carried to Them—Mass  
Meeting to be Held

A large representative meeting of people interested in the program for educational week, Dec. 3 to 9, was held in the office of the secretary of the Chamber of Commerce on Friday evening to plan for Brainerd's place in the national effort to increase interest in education. The meeting was enthusiastic and a plan of work was drawn up which, under the direction of capable committees, will be put across.

Parent-Teachers associations, Child Welfare board, American Legion, Rotary club, Lions club, League of Woman Voters, together with Superintendent of Schools W. C. Cobb and Mrs. Irma Camp Hartley, county superintendent of education, were present.

Rev. Frederick Errington, chairman of the American Legion committee was elected chairman of the joint organization. Mr. Hitchcock of the high school faculty acted as scribe.

Efforts are to be made to get in touch with the rural schools and to encourage meetings in the rural districts. A committee composed of the following persons was appointed to organize this end of the work for educational week in Crow Wing county: Rev. Arthur C. Smith, chairman, Rev. E. A. Cooke, Rev. Walter J. Smith, Miss Harriet Engsborg and Mrs. Irma Camp Hartley and E. G. Roth, county agricultural agent.

O. A. Peterson was elected treasurer of the committee.

A mass meeting will be held on Friday evening, December 8, at which time President J. C. Brown of the St. Cloud Normal school, who is also President of the Minnesota Educational association, will give the address. A committee was appointed to make the necessary arrangements for this mass meeting. The personnel of the committee is as follows: Superintendent W. C. Cobb, Mrs. Irma Camp Hartley and Mrs. C. D. McKay. Special effort will be given to encouraging parents to visit the schools, and to have all citizens, who can do so, visit the high school. Mrs. W. H. Gemmell will confer with the principal of each school asking them to encourage visitation of the schools during educational week. The American Legion will stress the matter of having citizens visit the high school. Mrs. A. M. Opsahl will ask leaders in each school district to call parents on the phone to invite them to visit the schools during this week.

On the Tuesday evening of education week the Washington-Lincoln Parent-Teachers association will meet and on recommendation of Mrs. Carl Bentley this meeting will be turned over to the American Legion. It is hoped that the Legion quartet will sing and able speakers will be secured to present the program thoroughly. The committee to arrange for this meeting includes Mrs. Carl Bentley, Miss Pineo and Mrs. S. Newman.

Four minute talks will be given in the theatres during the week and W. R. Hiller of the Lyceum theatre consented to arrange for speakers for each evening.

The committee hopes to have Commander Gerald V. Barron, state commander of the American Legion, a former Brainerd boy, and others who will be in town for the Legion ban-

quet on the Thursday evening, speak in the high school on the Thursday afternoon. Dr. Brown may speak to the students on the Friday afternoon.

Different members of the committee will contribute articles for the press dealing with the significance of National Educational week.

If possible speakers will be secured for the meetings of the various Farm Bureau units which will be held during educational week.

O. A. Peterson and Albert Englund will endeavor to arrange for suitable display advertising and if possible for a large banner to hang below the "Welcome" sign on Sixth street.

Mrs. S. Newman will call upon the business men asking them to run slogans in their advertising between this date and the close of educational week. The committee desires the business men to run slogans that direct attention to visiting the high school and studying the needs of the high school. Other committees will take care of emphasizing the needs of the grade schools.

The Brainerd Daily Dispatch came in for praise because of the way in which the paper gives publicity to such movements as the one that is before the people during educational week.

The rural work committee met on Saturday afternoon and conferred with teachers from the rural districts who were gathered in the office of the county superintendent of education. The committee will meet again Monday for further consideration of plans to carry the message to the people in rural districts.

### Scope of Work

The following statement by Prof. Cobb tells of the scope of the work for the week.

The week from Dec. 3 to 9th, has been set apart by National Proclamation as Educational Week. The American Legion in co-operation with the National Bureau of Education are taking the lead in making this week one of real significance in an educational way.

In order to emphasize properly important features of American life or American institutions it has become the policy to set apart a certain day or week, during which people generally are asked to give their serious consideration to a definite phase of American welfare.

### System Important

If anyone were disposed to question the wisdom or propriety of establishing such a week for people to focalize their thoughts and efforts on educational matters, that person would do well to consider the nature of democratic, representative government, such as ours.

In the nature of things it is bound to be a reflection of the intelligence of the people behind it. If we expect to have intelligent and efficient government, we can build it on no other foundation than that of an intelligent citizenship.

An intelligent citizenship is dependent on an efficient educational system, one that aims to educate all the people as far as possible and practicable.

### Depends on Attitude

These are some of the considerations that prompted the establishing of "educational week."

What this week shall mean to any particular community, will depend entirely on the attitude taken by that community, in its proper observance.

What shall it mean to Brainerd?

It may mean a great deal.

Plans are already under way for the observance of this week in more than a mere perfunctory manner. All units of the community are being asked to unite in considering the educational needs of Brainerd. Parents are asked especially to visit the schools and although the past week or two has been made a visiting time by many parents, all are asked to come again during this special week.

### Minnesota Behind

It might be well to remember that our splendid state, Minnesota, has been lagging behind the procession educationally along the number of fundamental lines, and it needs the backing of public demand, to put Minnesota in its proper place, well to the front.

## THE MIDDLEMAN K. C. NEW PLAY

Lodge Members Hard at Work on  
Production to be Staged at New  
Park in Near Future

DATE SET AT DECEMBER 19TH

Is a Play Entirely Different From  
Any Heretofore Attempted by  
Home Talent

The Knights of Columbus are hard at work on a new play to be staged in the near future.

The date for the presentation of "The Middleman" has been definitely set for December 19th at the New Park theatre. Rehearsals are being held five times each week and the director regards the cast as the best suited for this particular play that he has ever handled.

The "Middleman" is a play entirely different from any heretofore attempted by home talent and when it is presented to the public those who attend will wonder that anyone but professional actors can put across a play so strong and full of real life.

Various committees are hard at work to make this big undertaking a success. Tickets will soon be distributed among members of the Knights of Columbus and judging from the interest shown at this time, it will not be long before the house is sold out.

It's coming here, "The Middleman."

### CHAMBER COMMERCE PLANS FOR KIDDIES

The Chamber of Commerce intends to act the part of Good Fellows to the kiddies of Brainerd this Christmas.

The advisory board of the Chamber met Tuesday afternoon, and recommended that a committee be appointed for the purpose of giving the children of Brainerd a real Christmas this year.

This committee consists of Dr. R. A. Belse, chairman, W. H. Cleary, Walter M. Murphy and Carl Wright. It was proposed that a large Christmas tree form a goodly part of the program, with candy, nuts and possibly little gifts for each child.

It has been suggested that the Park theatre be secured for this purpose, and that a short movie program suitable to the occasion be staged in addition to the tree and gifts. In this way, a matinee could be given for the little tots and an evening performance for the larger children.

The committee will be glad to receive any suggestions and offers of help that may be made.

### Trades & Labor Action

At the Trades & Labor meeting Tuesday evening P. T. Brown was appointed chairman of a committee to start plans for a Christmas tree and gifts for all children.

The assembly also favored a new high school adequate to the needs of a growing city, and will later take a stand on the site for the same.

Religious Presentation of the Mar-  
vels of the "Grand Canyon of  
Colorado"

It is the privilege of but a few to be able to visit this magnificent temple of nature, where the Bigness and the Stillness lets us into the very presence of the Eternal and brings a spell of awe to our souls.

You may, however, visit it in picture, story and song, at the First Presbyterian church on Wednesday evening at 7:30 o'clock. Over sixty views of the canyon will be shown and a full description of each scene will be given.

You may not be able to take the journey or to stand the expense of visiting this wonderful piece of God's workmanship but that is no reason why you should not accept the opportunity of the next best. No admission.

### Birthday Party

Master David Nordin entertained six of his little friends at a birthday party Tuesday afternoon at his home, 424 N. 4th street, from 3:30 to 5 o'clock.

The guests were entertained with popular games and the event climaxed with a dainty luncheon. The table was prettily decorated in pink and white with numerous suggestions of Christmas prevalent.

The guests included Harriet Hall, Roff and Gordon Campbell, Peggy Tanner, James Flagg Alderman and Betty Woodhead.

Religious Presentation of the Marvels of the "Grand Canyon of Colorado"

It is the privilege of but a few to be able to visit this magnificent temple of nature, where the Bigness and the Stillness lets us into the very presence of the Eternal and brings a spell of awe to our souls.

You may, however, visit it in picture, story and song, at the First Presbyterian church on Wednesday evening at 7:30 o'clock. Over sixty views of the canyon will be shown and a full description of each scene will be given.

You may not be able to take the journey or to stand the expense of visiting this wonderful piece of God's workmanship but that is no reason why you should not accept the opportunity of the next best. No admission.

### Birthday Party

Master David Nordin entertained six of his little friends at a birthday party Tuesday afternoon at his home, 424 N. 4th street, from 3:30 to 5 o'clock.

The guests were entertained with popular games and the event climaxed with a dainty luncheon. The table was prettily decorated in pink and white with numerous suggestions of Christmas prevalent.

The guests included Harriet Hall, Roff and Gordon Campbell, Peggy Tanner, James Flagg Alderman and Betty Woodhead.

## THANKSGIVING DAY

WHATEVER of misfortune there is in Brainerd is not due to any withholding on the part of Providence. Crops in Minnesota have been abundant. There is enough for all. Nature has been lavish in her provision for the needs of man.

But while what has been affirmed cannot be denied, there are those who do not enjoy their necessary share of those provisions that nature has so abundantly provided. Thanksgiving Day in Brainerd will witness many tables that are not so plentifully provided as they might have been if industrial conditions had been such that the providers of those homes had been employed during past months. Unemployment has cut off income, with the inevitable result that in some cases the abundance that has before been provided on Thanksgiving Day is not in evidence this year.

In such cases it may be that those in the homes will find it hard to be deeply thankful for the reduced blessings that are theirs at this season of the year. Yet others will be more thankful that they were wont to be when more prosperous days made thoughts of their well-being take a secondary place. There are also those who, in comparing their lot, more or less unfortunately, though it be, with that of others in different parts of the world will be thankful that in a world that knows its famines and catastrophes they are so much better off than these.

However, the thought that will be uppermost will be related to the failure of men to function together as harmoniously as nature works for man's good, and to the serious wrongs that exist in mistaken methods of distribution which result in injustice to those who sell and those who buy.

Nature has provided an abundance of coal, a bounteous harvest, a remarkably mild fall, and yet people are required to pay high prices for coal and farm products, while many believe that the mild weather has been of greater advantage to one party, to the unfortunate conditions that tend to spread a pall of gloom over our fair city, than it has to those who are the victims of such conditions.

Of one matter there can be no doubt, men are responsible for the conditions that work hardship on some of our people and the Providence that expresses itself through nature is not in any way to blame for the misfortunes that our people undergo. Happiness might reign supreme on Thanksgiving Day if folks were as responsible, generous and kindly in their relations as nature is to confer her gifts on the evil and the good, the just and the unjust. Nature is no respecter of persons, but our present system of distribution differs from nature in this regard.

## CLEMENCEAU'S MESSAGE RESENTED

IF M. Clemenceau had been officially invited to come to the United States there would have been justification for some of the criticisms made concerning what he has said relative to American policies. Inasmuch, however, as he was not invited, but came on his own accord because he believed that he had a message that should be spoken to the people of the United States, it would be well to listen to his message, to weigh it carefully, to attempt to see that in which we err, if we are in error, and to go on with our affairs, either correcting them if they are wrong, or pursuing them steadily if they are right.

There is always a tendency for folks criticized to say to one who criticizes when the critic comes from other shores "Get thee back to thine own country and there do thy preaching." It is possible, however, that a man from another country may have something to say that should be listened to attentively. It may be unpleasant but it may be true. If it is not true, why the resentment? If it is true, why not admit it? Even a man from Mars might be able to tell the folks down here some things that are worth telling. If the United States is right in its attitude M. Clemenceau's orations won't matter, but if America is wrong in her attitude "the Tiger's" speeches do matter. The man who is right does not become embittered by the attacks of his critics. Perhaps the resentment proves that there is something wrong somewhere. It may be Clemenceau's belligerency or it may be in our attitude to Europe. We want to hear what he has to say, even though we don't agree.

## KEEPING THE SIDEWALKS CLEAN

EACH year the city announces, when the winter is far spent, that unless people clean the snow from their sidewalks, this work will be done by the city itself and the cost of such labor assessed against the property holder. But this does not keep the walks clean, for the snow does not hold off until the intention of the city is announced, and after the snow has fallen and the regular notice of the city's solemn duty has been duly printed, the snow remains on the walks and pedestrians are annoyed and resentful as they trudge through the slushy or slippery stuff.

Good citizens, who are thoughtful of their neighbors and others, do not wait until the city reminds them of an ordinance which states that the walks are to be kept clean either by the property owners or the city itself.

It is certain that anyone who wades through slush or slides over ice, both there through the neglect of those who own the property adjacent, thinks mean thoughts about the neglectful. Therefore, if all would clean their walks, doing unto others who travel the walks as they would have others whose walks they use do unto them, the city would know a minimum of mean thoughts this winter. Nature does put it there, and nature will remove it; but nature also puts the rains in our streets and we have built sewers to remove it the more speedily.

## BRAINERD'S PUBLIC LIBRARY

THE city council did good work when provision was made for opening the public library every afternoon and evening in each week with the exception of Sunday. The library is attracting an ever-increasing number of young people each evening, and the library board is considering providing additional help to care for the increasing stream of patrons who pass through the room each afternoon and evening.

Nothing can be more beneficial to the youth of the city than

the library with its doors open each evening. Young people who would otherwise be without a source of interesting and profitable entertainment find it there. At a time when the educational needs of our communities are being stressed, the splendid educational facilities offered by this institution will not be overlooked. It is helping to solve the problem of every community that has limited enjoyments for young people. The library is a builder of education, morals, citizenship and self respect.

The cost of keeping it open all week is infinitesimal when compared with its constructive work in the lives of the youth of our city and the council will confer a benefit on an ever-increasing number of patrons by providing for its splendid full-time service to the community during next year.

CHILDREN enjoy Thanksgiving Day. It's a Sunday without Sunday school, and without Sabbathical restrictions, and with a special dinner in which "king Turkey" receives the bows of an appreciative audience.

REPARATION crisis looms in France and Near East parley closes in disagreement. Such headlines suggest that there is nothing new under the sun.

## BRAINERD GIRL

## AN AD EXPERT

Miss Hazel Britton, Daughter of Franklin W. Britton, Wins High Praise in West

GRADUATE OF WASHINGTON "U"

Miss Britton is a Big Winner in the Field of Financial Advertising, Says Coast Paper

Miss Hazel Britton, a Brainerd girl, daughter of Franklin W. Britton, has made a success in the advertising field and as reported by a coast paper, is a winner in the field of financial advertising. Miss Britton is a niece of Francis J. Britton and the family for some time has lived in the west where she attended the University of Washington, graduating with high honors and then taking up her work in the advertising field.

In a review E. P. Chadercraft writes: If you want to know anything about financial advertising, ask Miss Hazel Britton.

If you want to learn how to attract depositors in your bank or how to sell stocks and bonds, Miss Britton can tell you.

Since she was graduated from the University of Washington a few years ago, Miss Britton has made an unusual success in an unusual field for women.

As a mark of her ability she is now holding down two jobs at once. She is executive secretary of the Seattle Ad club and is secretary of the Better Business bureau.

"I don't know just why I chose advertising and financial advertising in particular for my life work," Miss Britton says. "But I think it is a fascinating occupation."

Miss Britton came to Seattle recently from Spokane, where she was advertising manager of the Old National bank and the Union Trust company. Last year at Tacoma she won a silver cup for the most constructive talk on financial advertising before the Pacific Coast Ad club convention. She was the only woman speaker at this year's convention of the club at San Diego, Cal. Miss Britton has a host of friends in Seattle. She studied advertising at the University of Washington and is a member of the Alpha Omicron Pi sorority.

How the Other Half Banks In the September issue of the "Coast Banker" Miss Britton had an article entitled "How the Other Half Banks."

An editorial comment on the article states: "How many times, Mr. Banker, have you paused in your daily routine to examine critically the attitude of the women in the lines at your wicket windows? If you have done so you have seen the business woman with her direct manner; the timid woman, hesitant; the plainly ignorant woman, possibly suspicious; the educated woman, socially poised, but perhaps out of her element. And you have seen, too, a series of others, none of whom have the manner of your more numerous men customers and clients. The truth is, as you may have realized,

that the women present a special problem in banking and are one of the greatest sources from which future accounts are to be drawn.

"The modern bank is equipping itself more and more to educate and meet the demands of women in banking. In the article Miss Britton, who is creating a name for herself in connection with her work in Spokane, set out things one ought to know and sets them out from a woman's standpoint."

Radio Receiving Station Williston, Nov. 29—Alexander is to have the first radio receiving station in McKenzie county. It is to be "the best obtainable" the citizens who raised a community fund for the purchase, declared.

Utmost beauty of tone in cabinets of exquisite taste—such is the Sonora ideal. One of the first to introduce the period phonograph, based on the masterpieces of great cabinet-makers, Sonora has perfected the designs of its models until they are classics of modern furnishing. The result is assurance of an aristocratic piece of furniture combined with a beautiful musical instrument. \$50 to \$3000. LATEST.

## DO'S AND DON'TS FOR EX-SERVICE MEN

"Ex-service men can facilitate action in dealing with the U. S. Veterans' Bureau," says C. D. Hibbard, District Manager, Minneapolis, Minn. "If they will observe a few simple rules as given here.

"They should keep the Bureau informed as to any change in their dependents, brought about by death, divorce, separation from wife, or birth of children. Otherwise they may fail to receive money they are entitled to or may have to refund money which they have received but are not entitled to.

"The beneficiaries of the Bureau should make all their requests or complaints in writing and keep a copy to avoid misunderstanding. They should reply promptly and fully to all letters from the Bureau giving the information requested, signing their names as is typed in the letter they receive. If there are any mistakes in the name or address, attention should be called to that fact in the body of the letter.

"Ex-service men should not employ physicians or dentists and expect to be reimbursed by the government unless they have first obtained authority from the Veterans' Bureau to employ such physician or dentist.

"Men discharged from hospital should keep the Bureau informed as to their condition, whether they continue to improve or whether they fail to note any improvement.

"Ex-service men being treated by government physicians cannot expect to get the best results of a permanent nature if they fail to follow carefully the rules laid down for caring for their health."

## Solved the Problem

"I was almost distracted with stomach trouble, gas and colic attacks and didn't know what to do. I had tried everything I heard of, and the doctor's medicine did not help me. A friend told me about Mayr's Wonderful Remedy, and it has solved the problem, as I can now eat anything and have no distress." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Johnson's Pharmacy and all leading druggists.—Adv.

## EQUIPMENT

Automatic windshield wiper. Rear-view mirror. Beaded radiator. Heater. Courtesy light. Jeweled eight-day clock. Cow ventilator. Theft-proof transmission lock. Rain visor. Opalescent corner lights. Massive headlights. Artistic coach lamps. Four doors that swing wide open. Simple automatic window lift raise or lower plate-glass windows.

The pride which a former generation found in Studebaker equipage is modernized in the Special-Six Sedan.

This Sedan is built in Studebaker plants, under highest standards of manufacture—the use of the finest materials and most skillful workmanship.

Its fascinating lines are enhanced by artistic paneling, coach lamps and massive headlights. The interior is finished in exquisite taste. There is inviting depth to the nine-inch cushions and a fine harmonizing of upholstery and carpeting.

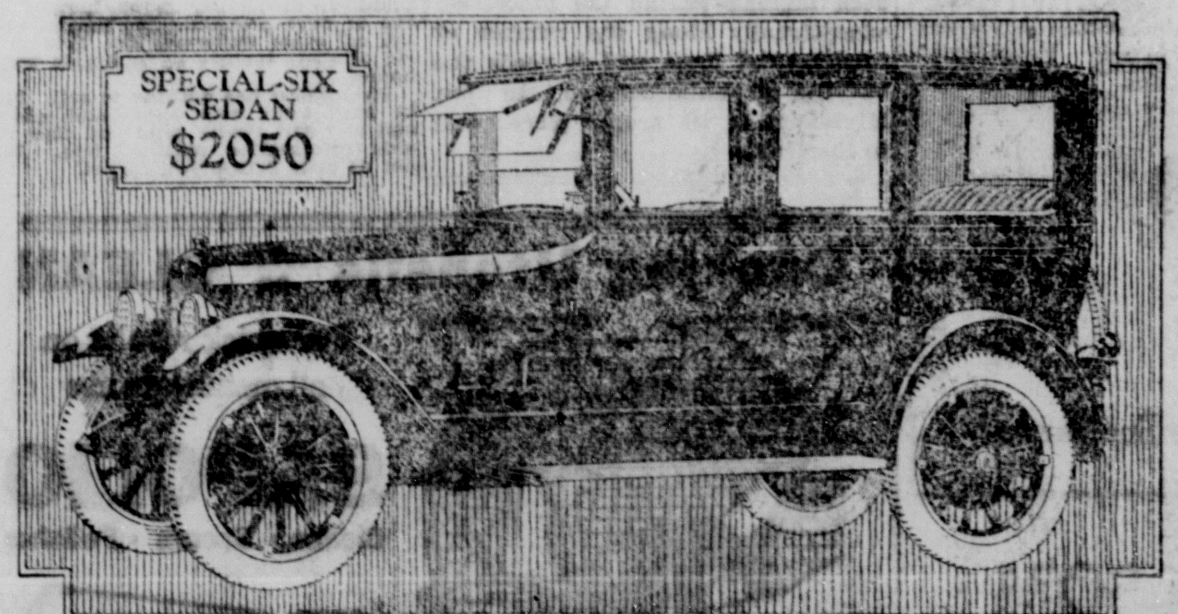

The thorough dependability of the Special-Six with its flexibility, quick acceleration and ample power, carries the endorsement of many thousands of owners.

The four-bearing crankshaft, seven-inch frame with five cross-members, sub-frame supporting the motor and separate unit transmission, rear axle shaft of special alloy steel—these and other Special-Six improvements add greatly to motoring satisfaction.

The Special-Six Sedan well upholds the Studebaker 70-year reputation for business integrity and genuine value.

The pride which a former generation found in Studebaker equipment is modernized in the Special-Six Sedan.

This Sedan is built in Studebaker plants, under highest standards of manufacture—the use of the finest materials and most skillful workmanship.

Its fascinating lines are enhanced by artistic paneling, coach lamps and massive headlights. The interior is finished in exquisite taste. There is inviting depth to the nine-inch cushions and a fine harmonizing of upholstery and carpeting.

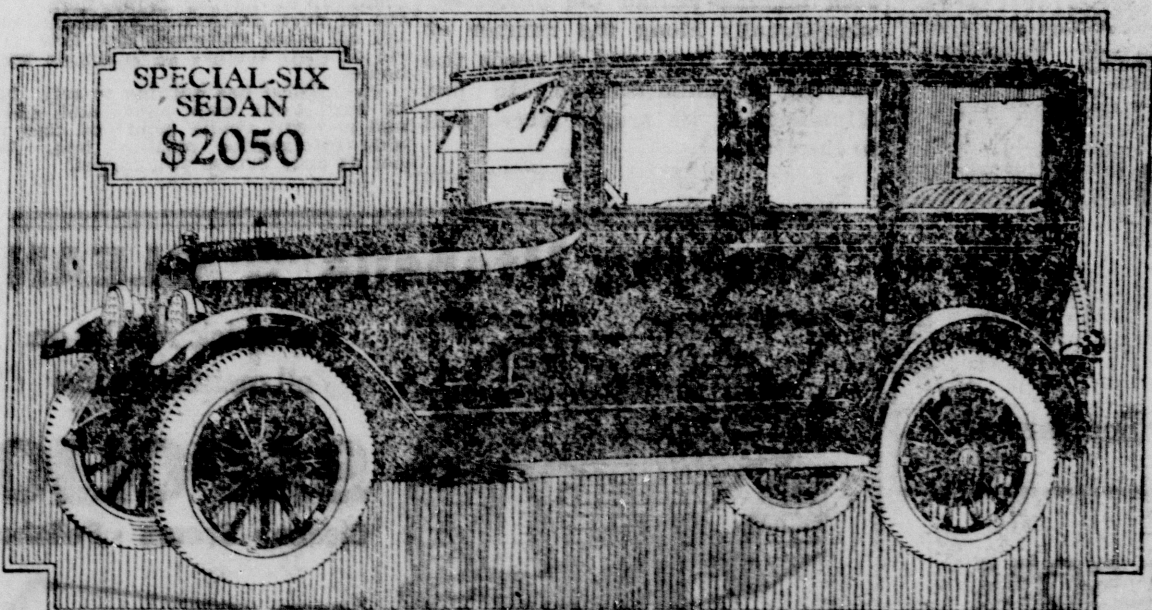

The thorough dependability of the Special-Six with its flexibility, quick acceleration and ample power, carries the endorsement of many thousands of owners.

The four-bearing crankshaft, seven-inch frame with five cross-members, sub-frame supporting the motor and separate unit transmission, rear axle shaft of special alloy steel—these and other Special-Six improvements add greatly to motoring satisfaction.

The Special-Six Sedan well upholds the Studebaker 70-year reputation for business integrity and genuine value.

## THANKSGIVING UNION SERVICE

People of First Presbyterian, Bethlehem Lutheran, Swedish Bethany, Swedish Baptist Unite

### SERVICE AT SWEDISH BAPTIST

Sermon Will be Preached by Rev. Arthur C. Smith, Pastor of First Baptist Church

The people of the First Presbyterian, the Bethlehem Lutheran, the Swedish Bethany and the Swedish Baptist churches will cooperate, as last year, in the annual Thanksgiving service which will be held this year in the Swedish Baptist church, corner Oak and 10th streets.

Rev. S. M. Kelly, pastor of the First Presbyterian church, will preside, Rev. Arthur C. Smith, of the First Baptist church, will preach the sermon and Rev. Fallquist, of the Swedish Bethany church will also take part in the service. The program is as follows:

Opening Hymn: "Come Thou Almighty King."

Responsive Reading: Psalm 103.

Thanksgiving Proclamation.

Duet by Mr. and Mrs. E. Thon.

Prayer, Rev. P. G. Fallquist.

Soprano solo, Mrs. Ray Hall.

Sermon: Rev. Arthur C. Smith, pastor, First Baptist church.

Offering, to be devoted to city poor.

Hymn, "Take the Name of Jesus With You."

Benediction.

Swedish Bethany Church

Rev. A. Liljengren of Winnipeg, Canada will preach the Thanksgiving sermon tomorrow evening at 7:30 o'clock.

The Ladies Aid will have a sale and serve a lunch on Friday evening at the church.

Bethlehem Lutheran Church

Thanksgiving services at 10:30 at the Swedish Baptist church. We urge our people to attend this service.

It was a success last year, and we hope to make it so also this year. Rev. Arthur C. Smith, pastor of the First Baptist church will preach the sermon. He is an able preacher and you will miss something worth while for Thanksgiving if you do not listen to what the messengers of God have to say to you. O. S. Winther, pastor.

North Side Union Services

Thanksgiving services on the North side in the First Congregational church, preacher Rev. O. S. Winther, Special music. Pastors of the North side churches cooperating, at 10:30 a. m.

Northeast Brainerd Services

Services in Northeast Brainerd in the Evangelical church, with Rev. A. Paulson preaching. Special music. All services at 10:30.

Special Thanksgiving Services

Thanksgiving services will be held at Zion Evangelical Lutheran church, corner Main and Broadway on Thursday morning at 10:30 o'clock. F. C. Bathert, pastor.

## THOUGHTS ON THANKSGIVING

(By Rev. O. S. Winther, Pastor Bethlehem Lutheran Church)

The President requests the people to render thanks to our Heavenly Father for his bountiful gifts, unto us during the past year.

And the Christian people everywhere in this fair land, gladly respond. We feel confident as pastors of the churches of Brainerd that our people will also respond this year as they have in the past. Yes, we are glad to respond and perpetuate this commendable religious custom.

**Need to be Reminded**  
We are prone to forget God and often when success comes our way, we take the credit ourselves and attribute it to our cleverness and our ingenuity. We forget God. Therefore we need to be reminded of God's blessing lest we forget His benefits and gifts.

**Owe It All to God**  
What we are and have we owe to God, the creator of heaven and earth. On every hand we are surrounded by His blessings. In Him we live and move and have our being.

**Things to be Thankful For**  
Our land is by far the best in all the world. There are faults and shortcomings, but these will soon be obliterated. Our's is a land of riches and plenty. We have endured less privation than any other people. We are receiving our daily bread, and the necessities of life. We enjoy the blessing of a good government. It is not perfect because we are not perfect.

We enjoy the privileges of a good government that protects our life and property. We enjoy the blessings of religious liberty.

**Material Advantages**  
These are often too numerous to mention. This is our land. God gave it to us. May we always keep it free. May our flag never be stained and soiled by hatred or greed. May it always be what it has been, a place of refuge for the oppressed, of safety for all a land where there is an equal opportunity for all the rich and the poor; where there is a chance for progress and development for all the oppressed people of the world—an open bosom where righteousness dwells where divine justice lives, where the brotherhood of man shall not be an ephemeral dream but a reality.

**The Gospel of Christ**  
Let me remind my readers of the greatest of all gifts which we enjoy in this city and in our land. It is the good news of the gospel of Jesus Christ. When the Pilgrims came to this country they sought refuge here from religious persecution. Here they revered God and today we honor them for their piety and religious zeal, for what they did to perpetuate Christianity.

**Importance of Thanksgiving**  
Thanksgiving Day has been called the table prayer of a whole nation after eating. May this day never degenerate into a mere day of turkey dinner. Let me raise this Thanksgiving question. What meat do you labor for? The meat which perisheth? Or that which endureth unto everlasting life?

God has singled us out. We are the objects of God's love in a special sense. Oh, that we have the faculties to understand God and be grateful

ful for his benefits. We find ungrateful men, even in our own midst. Men, who in spite of all blessings, will not worship God, and bow down and render thanks to His Lord and Master. Are you, my friends, one of them?

### SERVICE OF 1873

Order of Exercises of Union Thanksgiving Service at Congregational Church

The Dispatch is in receipt from Frank T. Blackburn of an "Order of Exercises for the Union Thanksgiving Service at the Congregational church, Brainerd, November 27, 1873".

The odd thing about the program is that mention is made of but one individual, Rev. H. J. Christ who delivered the address.

The services included the organ, voluntary, invocation, songs by children, prayer, anthem by choir, etc., concluding with the benediction.

## RED CROSS ROLL CALL ON TODAY

The Red Cross Roll Call is on full force, and reports of good returns are already coming in.

The Whittier and Riverside schools are the first to report on the work done by public school children. Both registered 100 per cent in students giving.

Miss Louise Barrett, of the Whittier building was the first to turn in her report and the money collected, which amounted to \$30.83.

Mrs. Adeline Smiley states that her report was completed on last Thursday, but her failure to turn it in was due to not knowing the proper officials to whom to report.

These two schools established an enviable record, through the fact that each child and the teacher contributed to the fund. If the public responds as nobly as these two schools have, Brainerd's roll call will be the biggest and best ever answered.

Block chairmen began the work of soliciting in their districts early this morning. The fact that today is pay day at the shops, and that the men will come to the banks to cash their checks, made it advisable to have Red Cross solicitors at each of the banks to receive donations from these men, and it is believed that they will respond in a large way.

Thursday, the solicitors will rest, and the campaign will be renewed Friday and completed this week, thus making a short intensive three day canvass.

### AITKIN

Mrs. J. D. Coffey is at home from a Brainerd hospital.

Mr. and Mrs. Fred Schroeder and children went to Brainerd Thursday morning.

Miss Hannah Falconer left for Brainerd after spending a short time with her cousin, Miss Rilla Falconer.

L. L. Dowd of Rosburg broke his hand while handling a runaway team.

Mrs. Roy Tiffany and Miss Glendora Ferguson were Brainerd visitors Friday.

Mrs. George Rice of McGregor went to Brainerd after a few days visit with the S. B. Stearns and E. J. Chatelle families.

Mrs. E. A. Marsh underwent an operation in the Cuyuna Range hospital in Crosby.

Fur prices are high this season.

Carl O. Johnson, who was 12 votes behind Chas. M. Deming in the contest for clerk of the court, has filed an application with Judge McClennahan asking for a recount, and W. W. Rabey, chairman of the county board, commissioner from the Hill City district, has also filed a petition asking for a recount. William Gausewitz had a majority of 30 but irregularities are charged. Louis Hallum is the attorney for both Johnson and Rabey and presented the petitions to the judge Wednesday.

### Christmas Sale

The Ladies Aid of the First Congregational church will hold their Christmas sale Saturday, December 2nd in the social rooms of the church which will commence at 2 o'clock. Useful and other articles will be on sale. Come and buy your Christmas gifts. Lunch will be served during the afternoon and evening.

## THANKSGIVING IN PUBLIC SCHOOLS

Scholars Donated Enough to Fill 56 Boxes, Offering Taken Care of by Miss Eula Michael

ASSISTED BY MANY LADIES

Group of Ten of the Huskiest High School Boys Aided in Collection and Distribution

The Thanksgiving offering of the children of the public schools of the city filled fifty-six boxes.

This offering was taken care of by Miss Eula Michael, assisted by the ladies representing every school in the city and ten of the huskiest high school boys you ever could ask to meet. Size them up for yourself:

George Orth with car, Hjalmer Johnson, aKleb Anderson, Winston Van Walk, Kenneth Nicholson, Walter Herman, Kent Whitlock and car, Harry Sundquist, Lyle Northrop, Henry Wetterland, Donald McKay.

The ladies also commanded the following gentlemen and their cars, J. D. Walston, Frank Lowey, George Tracy, Charles McKay, Bert Edwards, Chester and Edward Thabes.

Not only these but several delivery trucks including Swifts assisted in bringing these gifts to the city hall. You are all invited to help next year.

Only those who have had an active part in this celebration or similar ones know the fullness of real Thanksgiving joy.

**Parochial School Assists**  
The Parochial school assisted by donating nine baskets.

### LECTURE DECEMBER 4TH

"Stories, Songs and Legends of Native Chaldeans," by Prince Emmanuel

Much interest is being taken in the lecture and concert to be given under the auspices of the Business and Professional Women's club Monday, December 4th, at their club rooms in Koop hall, over the Brainerd State bank. Prince Raphael Emmanuel, Sheikh of Ur Chaldean, will lecture on "Stories, Songs and Legends of the Native Chaldeans," giving in detail the customs of his people, their home life, marriage rites, etc., interspersed with native songs and dances.

**General Public to Attend**

Those who have heard Prince Emmanuel at the school and the Congregational church are anxious to again listen to this most entertaining speaker, and those who have not as yet had the opportunity to hear him will be glad to know that this lecture and concert is open to the general public. An added feature will be a question box through which those who would like to question the Prince on any matter in connection with the lecture, or his impression of our land and people, will be very gladly answered by him at the close of his talk.

The Prince is a warm-hearted, human sort of person, who takes a kindly interest in all who come in contact with him. There does not seem to be any seeking after effect. He simply has an interesting story to tell of a people now little known, who nevertheless were once masters of Babylon, and whose country has been called "The Cradle of Civilization," and tells it in a most entertaining manner.

**Letters of Appreciation**

Letters of appreciation from clergymen, authors, senators, also club officers in cities where he has lectured are authority for the statement that he is a man of no ordinary faculties, but possesses in an unusual degree the power of assimilation, together with the gift of expression. Passing everything through the alembic of his own mind, he gives out fresh, vigorous, uplifting thoughts that cannot fail to delight a cultivated audience. Dr. Albert D. Watson, Pres. Royal Astronomy Society, Toronto, Can., writes of him: "His character is singularly naive and delightful. He is the soul of honor, and his views of Western civilization are most interesting and illuminating. He is a perfect gentleman, and is loved by everybody who knows him."

George W. Colton, Pres. Rotary Club, San Diego, Calif. has these kind words for him: "I want to thank

you for the very interesting and refreshing talk you gave us. Should you ever come back to San Diego, we would appreciate it if you would be our guest. We will always be ready to listen to you."

Appearing with Prince Raphael, Mrs. Mal Clark will be heard in a group of songs in keeping with the theme of the speaker, and Miss Alice Johnstone will give a violin solo, "Hymn to the Sun," from the opera, "The White Peacock." Mrs. Walter F. Wieland will accompany Mrs. Clark, while Mrs. W. A. M. Johnstone will play the accompaniments for her daughter, Miss Alice.

The Business and Professional Women have decided not to embark on any ticket selling propositions in the future, but ask the support of the public in their efforts to provide pleasing and unique entertainment at a reasonable price. The tickets for the lecture and concert will be 50 cents, the proceeds to be used to purchase furniture and decorations for the new club rooms.

I. McC.

### Christmas Bazar

The Tatapochoon Camp Fire Girls will hold a Christmas Bazaar Saturday, December 2, in the Y. M. C. A. opening at two o'clock. The members of the camp have been working hard, all articles offered are hand made, and it is a good opportunity to do a little Christmas shopping early.

There are baskets of every kind and description, hand painted flower pots, candy boxes, correspondence cards, neatly made garments, aprons, sewing boxes (nice for the college girl or boy) pin cases, powder puffs and last but not least plenty of home made candy and a fishing pond.

Come early, do your shopping and at the same time you will be helping the Camp Fire Girls. Camp Fire Girls are self-supporting. They have never asked for anything from the community and are promising value for value received.

## PRESSURE ON LUNGS CAUSED BY GAS

Often a dull, full feeling in chest is caused by gas from undigested food pressing upwards towards lungs. Sometimes gas presses on heart and is mistaken for heart trouble. Simple buckthorn bark, glycerine, etc., as mixed in Adlerika, expels gas and stops pressure almost INSTANTLY in many cases. Removes surprising matter from BOTH upper and lower bowel which formed gas and poisoned stomach. Adlerika is EXCELLENT to guard against appendicitis, Johnson's Pharmacy and all leading druggists.—Advt.

## For Thanksgiving

Our "LIKSOM" Bread is most delicious and tastes like home made.

Our pies, cakes, cookies, Bismarks, doughnuts, fig bars, buns, coffee cakes, macaroons and lady fingers are unexcelled.

## NEW RECTOR AT M.E. MEN'S CLUB

Rev. George J. Walenta of St. Paul's Episcopal Church, Discusses Industrial Situation

**WORK OF CHURCH PEOPLE**  
Solution of Problem is to Eliminate Every Barrier that Keeps Men Apart

Rev. George J. Walenta, rector of St. Paul's Episcopal church, gave an address before the Men's club of the Methodist church Monday evening, that was heard with the greatest of interest.

Rev. Walenta discussed the industrial situation and particularly the work that church people should have in it. He expressed his dislike for such terms as "Workingmen", "Labor", "Capital", and to some extent, the word, "Church."

He showed decisively that the solution of our problems is the elimination of every barrier that keeps men apart and the necessity of everybody, irrespective of position, to meet as men in solution of America's problems, of which the industrial problem is one of the greatest.

The speaker stressed the need of such an institution as the Y. M. C. A., as a common cause upon which the churches can unite and which has a large work to do in every community, particularly in one situated as we are in Brainerd. He pointed out how the churches might be strengthened while uniting in this work.

Rev. Walenta is unusually well prepared to meet such problems as our city presents. He told of how he began at the bottom and worked in the textile mills until he became a skilled worker, and later after long hours, his health failed. He entered the ministry in the industrial center of Philadelphia and his large church ministered to the needs of that community. For eighteen years he served in this parish.

A very interesting discussion followed Rev. Walenta's address, in which many points were brought out and many questions threshed out and answered.

The Men's club meets every Mon-

day evening in the church parlors, and extends a warm welcome to all men of the church and their friends.

## WOULD NOT WIPE HER FEET ON HIM

(By United Press)  
Hansell, Iowa, Nov. 29.—Mrs. Blanche Brimmer today gave the quietus to her third love, Professor John Tiernan of South Bend, Ind. "I am through with you for good," the professor's Iowa bride wired him and "I shall have nothing further to do with you and your kind."

"I would not wipe my feet on you."

**Status Quo Reigns Today**  
South Bend, Ind., Nov. 29.—There will be a real Thanksgiving in the John P. Tiernan home here tomorrow.

Advised by Mrs. Blanche Brimmer, his "mail order bride of a day" that she had given "him the bird," Professor Tiernan proclaimed to the world that his reconciliation with his first wife was now "complete and permanent."

"That settles it," the professor told the United Press. "I will never go back to that woman now. Gustie and I have made up for good, and tomorrow we will hold a big family reunion. We have much to be thankful for."

The professor laid great stress on the "family reunion." Baby Billy, whose paternity was under fire in a recent sensational court battle where Mrs. Tiernan charged Harry Poulin, local haberdasher, was the father, is included in the Thanksgiving.

"Baby Billy is our child and I will proclaim him as such," the professor said in the first public statement he has made accepting the paternity of the child since Mrs. Tiernan filed her suit against Poulin several weeks ago.

## FRENCH DENY IDEA SEIZING RUHR VALLEY

(By United Press)  
Washington, Nov. 29.—The French embassy here issued a statement today denying reports that the French had decided to seize the Ruhr valley in Germany if Germany fails to meet her reparations payments.

"The French government has instructed the French embassy to deny rumors and reports that the French government had decided to seize the Ruhr valley," the statement declared.

## WILL OPEN WAY FOR PAVEMENT IN TOWNS

**PLAN TO SPEED CITY-VILLAGE STREET WORK OFFERED BY HIGHWAY CHIEF**

Scores of Minnesota cities and villages may secure pavements for streets on the trunk highway system upon adoption by the legislature of 1923 of recommendations by the state highway department.

Charles M. Babcock, state highway commissioner, this week followed the announcement of financing plans with that of other proposed laws and changes and these bills among others: For lights on all vehicles using the highways after dark.

For elimination of the too common "tax exempt" tags on automobiles and trucks.

For stopping the traffic law enforcement to collect fees—to produce revenue for speed cops and court officials.

For paving where necessary to stop waste of funds in unsuccessful attempts to maintain gravel surfacing on heavy traffic sections of the trunk system.

Public comments on the proposals as announced and suggestions for more needed highway regulations are invited by the commissioner and should be addressed to the highway department, 1246 University avenue, St. Paul.

The plan to allow small cities and villages to pave streets without sacrificing state help is briefly outlined. The towns are to pave the streets designated as parts of the trunk routes using state specifications and under state supervision. Then when the improvement is reached on the regular highway program, the cost of the 18-foot strip which the state ordinarily builds, will be refunded. The town will have enjoyed the use of the improvement in return for carrying the interest on the fund used.

Lights on all vehicles on the roads at night are held necessary to public safety and a law to that effect will be recommended. Highway officials report that farmers agree that it is important that wagons and buggies carry lights at night as well as trucks and automobiles, and their full support is expected for reestablishment of the law to that end.

Contending that every motor vehicle should share the cost of highway improvements, especially now that better roads are saving car repairs, tires and gasoline, Commissioner Babcock will try to eliminate the tax exemptions if possible. For example, he said, a county employing an agent and furnishing him a car can well afford to pay toward improving roads—the license will take only money which otherwise would go outside for repairs and supplies for the machine. Incidentally, state highway officials using old war department cars have paid the taxes on them from their own pockets.

"Speed Cops" working on commissions and justices unduly increasing their fee receipts from traffic law cases will find their incomes reduced if the legislature acts favorably on another proposal. Abuses of the kind referred to can be stopped without interfering with sane enforcement of speed regulations, highway officials declare, and at same time some localities will enjoy better reputations among highway travelers.

When a highway carries more than 1,000 or 1,200 vehicles a day, gravel surfacing is very expensive and unsatisfactory at best, highway officials said, offering proposals for removal of the 20 per cent fund limit on paving. Pavements on such sections will pay their own way and better serve the public, they add, and the change can be safely made in view of the fair and wide distribution of improvements thus far under Minnesota's new trunk highway development plan.

**GREAT TEXTILE STRIKE  
IN NEW ENGLAND ENDS**  
Boston, Nov. 28.—The return to work yesterday of as many of the operatives of the Amoskeag Manufacturing company in Manchester, N. H., as could be accommodated marked the virtual end of the great textile strike in New England. The Amoskeag unions called off their strike Sunday.

Starting in Rhode Island in January, the strike a month later had spread to all parts of Massachusetts and New Hampshire affecting mills in all the leading textile centers except Fall River and New Bedford. In some places it was called as a protest against a wage reduction averaging 20

per cent, in others against an extension of working hours from 48 to 54 a week, and in still others including Manchester, against a combined wage reduction and lengthening of the working week.

In Rhode Island the strike was marked by serious disorders resulting in some fatalities. Many mills were shut down for long periods and others were kept in partial operation.

## GOOD ROADS ARE WORTH THEIR COST

The highway is not simply a road. It is not simply a surface.

It is the assurance of the civilizing influence of better communication between sections.

It is a silent but persistent factor for the reduction of living costs.

It is an humble, but powerful foe of ignorance, for the reason that it makes easily accessible our splendid system of public schools to the people in rural districts.

It is the safeguard of our food supply. It is a guarantee to the public against the prostrating influence of industrial upheaval and interruption to distribution therefrom.

It is the popular open-air theatre of enjoyment for the family.

It is the text book of nature to our people.

## ANOTHER BRAINERD CASE

**It Proves That There's A Way Out for Many Suffering Brainerd Folks**

Just another report of a case in Brainerd. Another typical case. Kidney ailments relieved in Brainerd with Doan's Kidney Pills.

Hans Anderson, 502 Norwood St., says: "I caught a cold while at work and my back started aching. I noticed it first when I stooped to shovel some coal. I got such a sharp catch in my back I thought I had been hit. From then on I had a steady ache and pains in my back and I felt sore and stiff in the morning. My kidneys acted unnaturally and between all these symptoms I was feeling pretty badly. I tired easily and was usually all in before the day was over. I got a supply of Doan's Kidney Pills at Dunn's Drug Store and after using them a short time I was rid of these pains and the kidney disorder."

## NEW RECTOR AT M.E. MEN'S CLUB

Rev. George J. Walenta of St. Paul's Episcopal Church, Discusses Industrial Situation

### WORK OF CHURCH PEOPLE

Solution of Problem is to Eliminate Every Barrier that Keeps Men Apart

Rev. George J. Walenta, rector of St. Paul's Episcopal church, gave an address before the Men's club of the Methodist church Monday evening, that was heard with the greatest of interest.

Rev. Walenta discussed the industrial situation, and particularly the work that church people should have in it. He expressed his dislike for such terms as "Workingmen", "Labor", "Capital", and to some extent, the word, "Church."

He showed decisively that the solution of our problems is the elimination of every barrier that keeps men apart and the necessity of everybody, irrespective of position, to meet as men in solution of America's problems, of which the industrial problem is one of the greatest.

The speaker stressed the need of such an institution as the Y. M. C. A., as a common cause upon which the churches can unite and which has a large work to do in every community, particularly in one situated as we are in Brainerd. He pointed out how the churches might be strengthened while uniting in this work.

Rev. Walenta is unusually well prepared to meet such problems as our city presents. He told of how he began at the bottom and worked in the textile mills until he became a skilled worker, and later after long hours, his health failed. He entered the ministry in the industrial center of Philadelphia and his large church ministered to the needs of that community. For eighteen years he served in this parish.

A very interesting discussion followed Rev. Walenta's address, in which many points were brought out and many questions threshed out and answered.

The Men's club meets every Mon-

day evening in the church parlors, and extends a warm welcome to all men of the church and their friends.

## WOULD NOT WIPE HER FEET ON HIM

(By United Press)  
Hansell, Iowa, Nov. 29.—Mrs. Blanche Brimmer today gave the quietus to her third love, Professor John Tiernan of South Bend, Ind.

"I am through with you for good," the professor's Iowa bride wired him and "I shall have nothing further to do with you and your kind."

"I would not wipe my feet on you."

Status Quo Reigns Today  
South Bend, Ind., Nov. 29.—There will be a real Thanksgiving in the John P. Tiernan home here tomorrow.

Advised by Mrs. Blanche Brimmer, his "mail order bride of a day" that she had given "him the bird," Professor Tiernan proclaimed to the world that his reconciliation with his first wife was now "complete and permanent."

"That settles it," the professor told the United Press. "I will never go back to that woman now. Gus-sie and I have made up for good, and tomorrow we will hold a big family reunion. We have much to be thankful for."

The professor laid great stress on the "family reunion." Baby Billy, whose paternity was under fire in a recent sensational court battle where Mrs. Tiernan charged Harry Poulin, local haberdasher, was the father, is included in the Thanksgiving.

"Baby Billy is our child and I will proclaim him as such," the professor said in the first public statement he has made accepting the paternity of the child since Mrs. Tiernan filed her suit against Poulin several weeks ago.

## FRENCH DENY IDEA SEIZING RUHR VALLEY

(By United Press)  
Washington, Nov. 29.—The French embassy here issued a statement today denying reports that the French had decided to seize the Ruhr valley in Germany if Germany fails to meet her reparations payments.

"The French government has instructed the French embassy to deny rumors and reports that the French government had decided to seize the Ruhr valley," the statement declared.

## WILL OPEN WAY FOR PAVEMENT IN TOWNS

PLAN TO SPEED CITY-VILLAGE  
STREET WORK OFFERED BY  
HIGHWAY CHIEF

Scores of Minnesota cities and villages may secure pavements for streets on the trunk highway system upon adoption by the legislature of 1933 of recommendations by the state highway department.

Charles M. Babcock, state highway commissioner, this week followed the announcement of financing plans with that of other proposed laws and changes and these bills among others:

For lights on all vehicles using the highways after dark.

For elimination of the too common "tax exempt" tags on automobiles and trucks.

For stopping the traffic law enforcement to collect fees—to produce revenue for speed cops and court officials.

For paving where necessary to stop waste of funds in unsuccessful attempts to maintain gravel surfacing on heavy traffic sections of the trunk system.

Public comments on the proposals as announced and suggestions for more needed highway regulations are invited by the commissioner and should be addressed to the highway department, 1246 University avenue, St. Paul.

The plan to allow small cities and villages to pave streets without sacrificing state help is briefly outlined. The towns are to pave the streets designated as parts of the trunk routes using state specifications and under state supervision. Then when the improvement is reached on the regular highway program, the cost of the 18-foot strip which the state ordinarily builds, will be refunded. The town will have enjoyed the use of the improvement in return for carrying the interest on the fund used.

Lights on all vehicles on the roads at night are held necessary to public safety and a law to that effect will be recommended. Highway officials report that farmers agree that it is important that wagons and buggies carry lights at night as well as trucks and automobiles, and their full sup-

port is expected for reestablishment of the law to that end.

Contending that every motor vehicle should share the cost of highway improvements, especially now that better roads are saving car repairs, tires and gasoline, Commissioner Babcock will try to eliminate the tax exemptions if possible. For example, he said, a county employing an agent and furnishing him a car can well afford to pay toward improving roads—the license will take only money which otherwise would go outside for repairs and supplies for the machine. Incidentally, state highway officials using old war department cars have paid the taxes on them from their own pockets.

"Speed Cops" working on commissions and justices unduly increasing their fee receipts from traffic law cases will find their incomes reduced if the legislature acts favorably on another proposal. Abuses of the kind referred to can be stopped without interfering with sane enforcement of speed regulations, highway officials declare, and at same time some localities will enjoy better reputations among highway travelers.

When a highway carries more than 1,000 or 1,200 vehicles a day, gravel surfacing is very expensive and unsatisfactory at best, highway officials said, offering proposals for removal of the 20 per cent fund limit on paving. Pavements on such sections will pay their own way and better serve the public, they add, and the change can be safely made in view of the fair and wide distribution of improvements thus far under Minnesota's new trunk highway development plan.

## GREAT TEXTILE STRIKE IN NEW ENGLAND ENDS

Boston, Nov. 28.—The return to work yesterday of as many of the operatives of the Amoskeag Manufacturing company in Manchester, N. H., as could be accommodated marked the virtual end of the great textile strike in New England. The Amoskeag unions called off their strike Sunday.

Starting in Rhode Island in January, the strike a month later had spread to all parts of Massachusetts and New Hampshire affecting mills in all the leading textile centers except Fall River and New Bedford. In some places it was called as a protest against a wage reduction averaging 20

per cent, in others against an extension of working hours from 48 to 54 a week, and in still others including Manchester, against a combined wage reduction and lengthening of the working week.

In Rhode Island the strike was marked by serious disorders resulting in some fatalities. Many mills were shot down for long periods and others were kept in partial operation.

## A. F. SORENSON DIED SUDDENLY TUESDAY

Pioneer Jeweler of Brainerd Succumbed to Heart Trouble, From Which He Had Suffered for Years

### FUNERAL TO BE HELD MONDAY

From Bethlehem Lutheran Church, Rev. O. S. Winther Officiating at Services

The community was greatly shocked this morning at the news of the sudden death of A. F. Sorenson, pioneer jeweler, which occurred shortly after midnight, and caused by heart trouble, from which he had been suffering for several years.

Mr. Sorenson seemed to be in most excellent spirits Tuesday. He cleaned the windows in his shop, preparatory to re-trimming them, and was making numerous plans for the coming holiday business.

After supper friends visited his home and spent the evening most pleasantly, the host giving no indication of illness. Mr. and Mrs. Sorenson had just retired for the night when his wife noticed his peculiar breathing. She spoke to him several times, but failed to get an answer, so called the doctor immediately, but death came before medical aid could be given.

August Frederick Sorenson was born in Somso, Denmark, seven miles from Copenhagen. When still a young man he left his home and worked both in Germany and Paris for a short time before immigrating to the United States.

He first worked at his trade in this country at Utica, N. Y. and in New York City, coming to Minnesota and settling in Brainerd in 1887, being employed by Fred Sundberg in his jewelry store on Front street.

In 1902 Mr. Sorenson was united in marriage to Miss Emma Mattila Olson, and in the same year launched into business for himself, being located at the Seventh street entrance of what is now the A. J. Cullen clothing store.

Beside his wife, he is survived by two brothers and a sister who live in Denmark, and a nephew, Rasmus Nielsen, of Tyler, Minn.

The funeral will be conducted from the Bethlehem Lutheran church Monday afternoon, Rev. O. S. Winther officiating, and interment will be made in Evergreen cemetery.

The Dispatch joins the many friends in offering sincere sympathy to the bereaved relatives at this time.

## NORTHWEST NEWS

(By United Press)  
**New Executive Secretary**  
Bismarck, Nov. 29.—Ernest G. Warner of Bismarck Friday became the executive secretary of the state board of administration succeeding Charles Liesman who resigned to assume his duties as the new state attorney of Kidder county Jan. 1.

Warner has been in public life in the state for some time. He is the present assistant secretary of the North Dakota State Good Roads association and was formerly connected with the board of control.

**Refuses to Gain Pardon**  
Minon, Nov. 29.—States Attorney Herigstad has refused to assist Jack Longre of Kenmare in his effort to obtain a pardon from the state penitentiary. Longre, who says his family needs his support was sentenced to the Bismarck jail for 20 years for stealing an auto. Herigstad said he is convinced the man was guilty.

**FOR SALE**—Old Papers, Dispatch.

### CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stuff up with a cold or nasty catarrh—Relief comes so quickly.

## DISTRICT COURT PROCEEDINGS

Case of George Felix vs J. B. Perron Concluded in Court on Tuesday Afternoon

### JURY CHARGED WEDNESDAY

Balance of Venire Excused, Judge McClenahan Summons New Panel For Friday Morning

The arguments in the case of Geo. Felix against J. B. Perron were brought to a close in district court Tuesday. The parties in the case reside near St. Mathias and the suit grew out of an alleged verbal contract made between Felix and Perron, in which the first named was to farm land belonging to the latter on shares.

Wednesday morning, Judge W. S. McClenahan charged the jury in this case and sent them out on their deliberations. This jury is composed of Fred Davis, Charles Hines, Harlon Dewing, John Davis, L. A. Riffenbach, James Edwards, G. A. Knapp, Charles Mitchell, L. A. Grant, G. F. Austin, Preston Caughey and John Schamp.

After the jury had retired, the judge excused the balance of the venire, from further service, stating that he had ordered a new panel summoned to appear Friday morning.

This new panel is made necessary by the retrial of the case of The State of Minnesota against Frank Barchie, alias Mike Brletic, a robbery case in which the jury disagreed.

In discharging the present panel, Judge McClenahan thanked the jurors for their service and complimented them upon their work, saying that this was one of the best panels with whom he had worked.

In addition to the retrial of the Barchie case, there are only two others left on the calendar. One is Perry G. Flansburg against the St. Paul Fire & Marine Insurance Co., which was placed at the foot of the calendar. The other is the case of Anna S. Hermann against Mary A. Innes and Roy J. Innes, which has been held up because of a witness being unable to appear at an earlier date.

No cases were brought up for trial on Wednesday, the court taking a recess until Friday morning at 9 o'clock, at which time the Barchie robbery case will be tried.

Put everything aside for "The Middleman."

### SHOP CRAFTS DANCE

To be Given Saturday Evening, Dec. 2, at Labor Hall, Hedstrom's Orchestra Playing

On Saturday evening, December 2, a dance will be given by the six shopcrafts at Trades & Labor hall for the strikers, their families and friends. Music will be furnished by Hedstrom's crack orchestra. The committee guarantees a good time is in store for all who come.

"The Middleman" is SOME show.

## CITY SCHOOLS FOR NOVEMBER

No Falling Off in Attendance, In Fact a Slight Increase Has Been Recorded

### WHITTIER ATTENDANCE LEADS

Unquestioned Need of a New High School Known to All Thoughtful People

By W. C. COBB  
Superintendent Brainerd High School

Although the city school have enrolled 43 new pupils during the month just closed, the real enrollment at the present time is essentially the same, based on actual daily attendance, as it was last month. There has been no falling off in the school attendance, in fact, there has been a very slight increase, but not sufficiently large as to change the situation as reported a month ago.

In the Lowell school, there has been an appreciable increase in attendance for the month of November, which has brought their average number of pupils per teacher in actual daily attendance up to 33 as compared with 31, reported for the previous month.

The Harrison school retains its average of 39 pupils per teacher, with practically no change.

The attendance per teacher at the Whittier remains practically unchanged, 33 pupils per teacher, and the same condition held at the Lincoln, with an average of 34 pupils per teacher.

A slight falling off is noted in the grades at the Washington, from 33 pupils per teacher in October to 31 per teacher in November, and the high school shows a slight drop also, from 22 pupils per teacher to 21 for the last month.

The Whittier school again leads all the wards of the city in point of attendance for the month, with the Harrison school a close second.

The two best rooms in the entire city schools in attendance for the month are Miss Heley's and Mrs. McPherson's of the Whittier school with the high attendance of 99%.

As to overcrowded rooms, the situation remains essentially unchanged from that reported in a preceding month. Using actual daily attendance during the past month as the standard, two rooms in our schools had a daily attendance of 44, one room 43, two rooms 41, two rooms 40, two rooms 39, four rooms 38, three rooms 37, two rooms 36. Summarizing from the above, eighteen rooms in the city schools of Brainerd have in actual daily attendance, more than 35 pupils at the present time, while seven rooms have in actual daily attendance from 40 to 44 pupils.

### Need of New High School

The unquestioned need of a new high school building in Brainerd has been known to all thoughtful people interested in the schools for some years. If the enrollment in the high school were one hundred less than it is this year, there would still be need for a new building. The requirement of special departments and special teachers, as those terms are used

technically, were practically unknown when the addition to the present high school building was built some twenty years ago. The standards, universally accepted for high school needs, require fully twice as many rooms to provide for a given number of students as compared with the requirements formerly.

In a modern high school building of today, provision is made, in addition to the customary assembly room and academic class rooms, for a library, reading room, room for the Department of Health, gymnasium facilities for both boys and girls, with facilities for systematic physical education, in addition to general athletic sports, rooms for music, home economics, manual training, normal training, commercial department, agriculture, junior high school, and junior college. All of the above are usually found in a modern high school building in addition to administration rooms and rest rooms for teachers.

Many high school buildings are constructed on the unit plan, by which, under a general scheme, a part of the ultimate structure is built to provide for present needs, with provisions for additional units, as future requirements and financial resources may warrant.

### National Educational Week

Next week is National Educational Week, a time set apart for the consideration of educational matters, looking toward the improvement and betterment of educational facilities and greater educational efficiency along all lines. This will be an opportune time for citizens of Brainerd to give serious attention to the educational needs of this city and help to formulate plans for local educational advancement.

### State Aid Coming

It may be a source of some encouragement to citizens of Brainerd at this time to learn that information, coming from the state department of education within the last few days, indicates that Brainerd's allotment under Chapter 271 of the laws of 1921, appears to be \$24,925, as compensation to aid railway towns.

A considerable number of parents, particularly mothers, have been visiting the rooms during the past week or two, under the incentive in the nature of a visiting contest inaugurated between several schools. Next week, being Education Week, it would be a good plan for all citizens

## Is There A Little One You Wish to Remember Christmas Time

We have filled a window full of just the things you will want to consider giving to the little one. These are not toys but dainty little articles of wear.

These, too, are all you will ask for gifts for showers. Why not see this display of pretty articles.

### H. F. Michael Co.

to register in this visiting game and gather some ideas as to the educational needs in our home city.

From week to week, new equipment or supplies are being added to our schools, as financial resources seem to warrant. A half dozen new desks for teachers are replacing worn out desks in some of the buildings, new maps and globes are being placed where the need seems the greatest, a new set of Encyclopedia Americana and some dictionaries have been ordered for the high school, library books to the amount of nearly \$500 worth will be on hand within a very short time.

A general system of uniform calisthenics is being started in all of the schools of the city, a system patterned after that in use in Minneapolis schools.

## GOVERNMENT INSURANCE FOR EX-SERVICE MEN

The Government offers ex-service men, through its insurance policies,

an opportunity to provide protection for themselves in the event of total permanent disability, and for their dependents in the event of death, at the lowest possible cost.

The U. S. Veterans' Bureau is charged with the responsibility of conducting this service. Due to the lack of personnel, it is impossible to communicate personally with every one of the three and one half million persons whose government insurance has lapsed. It is only possible, therefore, to reach them thru the public spirited newspapers and individuals.

The right to carry government insurance is one benefit conferred upon the Veterans of the World War. Lapsed term insurance can be reinstated by filling out only one blank, which includes a medical examination, and the payment of two monthly premiums, one for the month of grace after the policy lapsed, and one for the current month. This amounts to only \$1.35 for one thousand dollars for a man thirty-one years of age, and slightly less for

those younger, and slightly more for those older.

The U. S. Veterans' Bureau, Keith-Plaza building, Minneapolis, will gladly give full and complete information, if the men entitled to this insurance will only write them regarding it.

### Plan on seeing "The Middleman."

#### Business Meeting

The adult department of the M. E. Sunday school will have a business meeting Friday evening, December 1st, in the basement of the church. All members are urged to be present.

#### Jorgenson-Overley

On Wednesday morning, November 29th, Miss Ruth I. Overley, of Brainerd, was married to Frank H. Jorgenson, of Becker county, by Judge J. T. Sanborn.

The witnesses to the ceremony were Miss Genevieve Meade and Earl Miller.

## A. F. SORENSON DIED SUDDENLY TUESDAY

Pioneer Jeweler of Brainerd Succumbed to Heart Trouble, From Which He Had Suffered for Years

### FUNERAL TO BE HELD MONDAY

From Bethlehem Lutheran Church, Rev. O. S. Winther Officiating at Services

The community was greatly shocked this morning at the news of the sudden death of A. F. Sorenson, pioneer jeweler, which occurred shortly after midnight, and caused by heart trouble, from which he had been suffering for several years.

Mr. Sorenson seemed to be in most excellent spirits Tuesday. He cleaned the windows in his shop, preparatory to re-trimming them, and was making numerous plans for the coming holiday business.

After supper friends visited his home and spent the evening most pleasantly, the host giving no indication of illness. Mr. and Mrs. Sorenson had just retired for the night when his wife noticed his peculiar breathing. She spoke to him several times, but failed to get an answer, so called the doctor immediately, but death came before medical aid could be given.

August Frederick Sorenson was born in Somso, Denmark, seven miles from Copenhagen. When still a young man he left his home and worked both in Germany and Paris for a short time before immigrating to the United States.

He first worked at his trade in this country at Utica, N. Y. and in New York City, coming to Minnesota and settling in Brainerd in 1887, being employed by Fred Sandberg in his jewelry store on Front street.

In 1902 Mr. Sorenson was united in marriage to Miss Emma Matilda Olson, and in the same year launched into business for himself, being located at the Seventh street entrance of what is now the A. J. Cullen clothing store.

Beside his wife, he is survived by two brothers and a sister who live in Denmark, and a nephew, Rasmus Nielsen, of Tyler, Minn.

The funeral will be conducted from the Bethlehem Lutheran church Monday afternoon, Rev. O. S. Winther officiating, and interment will be made in Evergreen cemetery.

The Dispatch joins the many friends in offering sincere sympathy to the bereaved relatives at this time.

## NORTHWEST NEWS

(By United Press)  
**New Executive Secretary**  
Bismarck, Nov. 29—Ernest G. Warner of Bismarck Friday becomes the executive secretary of the state board of administration succeeding Charles Liesman who resigned to assume his duties as the new state attorney of Kidder county Jan. 1.  
Warner has been in public life in the state for some time. He is the present assistant secretary of the North Dakota State Good Roads association and was formerly connected with the board of control.

**Refuses to Gain Pardon**  
Minon, Nov. 29—States Attorney Herigstad has refused to assist Jack Longre of Kenmare in his effort to obtain a pardon from the state penitentiary. Longre, who says his family needs his support was sentenced to the Bismarck jail for 20 years for stealing an auto. Herigstad said he is convinced the man was guilty.

**FORE SALE**—Old Papers, Dispatch.

### CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stuff up with a cold or nasty catarrh—Relief comes so quickly.

## DISTRICT COURT PROCEEDINGS

Case of George Felix vs J. B. Perron Concluded in Court on Tuesday Afternoon

### JURY CHARGED WEDNESDAY

Balance of Venire Excused, Judge McClenahan Summons New Panel For Friday Morning

The arguments in the case of Geo. Felix against J. B. Perron were brought to a close in district court Tuesday. The parties in the case reside near St. Mathias and the suit grew out of an alleged verbal contract made between Felix and Perron, in which the first named was to farm land belonging to the latter on shares.

Wednesday morning, Judge W. S. McClenahan charged the jury in this case and sent them out on their deliberations. This jury is composed of Fred Davis, Charles Hines, Harlon Dewing, John Davis, L. A. Rifenach, James Edwards, G. A. Knapp, Charles Mitchell, L. A. Grant, G. F. Austin, Preston Caughey and John Schamp.

After the jury had retired, the judge excused the balance of the venire, from further service, stating that he had ordered a new panel summoned to appear Friday morning.

This new panel is made necessary by the retrial of the case of The State of Minnesota against Frank Barchie, alias Mike Brletic, a robbery case in which the jury disagreed.

In discharging the present panel, Judge McClenahan thanked the jurymen for their service and complimented them upon their work, saying that this was one of the best panels with whom he had worked.

In addition to the re-trial of the Barchie case, there are only two others left on the calendar. One is Perry G. Flansburg against the St. Paul Fire & Marine Insurance Co., which was placed at the foot of the calendar. The other is the case of Anna S. Hermann against Mary A. Innes and Roy J. Innes, which has been held up because of a witness being unable to appear at an earlier date.

No cases were brought up for trial on Wednesday, the court taking a recess until Friday morning at 9 o'clock, at which time the Barchie robbery case will be tried.

Put everything aside for "The Middleman."

### SHOP CRAFTS DANCE

To be Given Saturday Evening, Dec. 2, at Labor Hall, Hedstrom's Orchestra Playing

On Saturday evening, December 2, a dance will be given by the six shopcrafts at Trades & Labor hall for the strikers, their families and friends. Music will be furnished by Hedstrom's crack orchestra. The committee guarantees a good time is in store for all who come.

"The Middleman" is SOME show.

## CITY SCHOOLS FOR NOVEMBER

No Falling Off in Attendance, In Fact a Slight Increase Has Been Recorded

### WHITTIER ATTENDANCE LEADS

Unquestioned Need of a New High School Known to All Thoughtful People

By W. C. COBB  
Superintendent Brainerd High School  
Although the city schools have enrolled 43 new pupils during the month just closed, the real enrollment at the present time is essentially the same, based on actual daily attendance, as it was last month. There has been no falling off in the school attendance, in fact, there has been a very slight increase, but not sufficiently large as to change the situation as reported a month ago.

# FANNING WITH ARRELL

## LAST ACT OF 1922 FOOTBALL

By HENRY L. FARRELL  
United Press Sports Editor

New York, Nov. 29.—All the odds and ends of football will be gathered together tomorrow and tucked away on the shelf for the official finale of '22. Most of the Thanksgiving Days are survivals of the old established classics that have not given away to the modern idea of letting the grid warriors enjoy the holiday.

In point of tradition, the Cornell-Pennsylvania game at Philadelphia will be the biggest game of the day.

Cornell with one of the best teams in the country looks to be a long odds favorite, but Penn has refused to be influenced by any kind of doping and they may pull a surprise.

The Penn eleven has been the champion surprise team of the season. When they were doped as a sure loser, they won; when they were hailed as an easy winner, they lost.

Pittsburgh and Penn State are to have their usual tussle at Pittsburgh. Pitt had an in-and-out season losing to Lafayette, West Virginia and Syracuse, but in defeating Washington and Jefferson, Glenn Warner showed a real team.

Defeated by Penn and the Navy and getting only a draw with Syracuse, Penn State has had sort of an off-season compared to the records of the past two seasons.

Pittsburgh looks to be a slight favorite.

In the middle-west the real battle of the day should be staged by Nebraska and Notre Dame. Both teams showed in the east and on the game they played, Notre Dame looks like the favorite.

Nebraska was not only beaten by Syracuse, but was made to look very bad with it. Notre Dame played one of the greatest Army teams of years to a scoreless tie and the honors all went to the westerners.

The south goes in more for "Turkey Day" games than any other section of the country and a number of good games will be played below the Mason-Dixon line. Among the headlines are:

Georgia Tech and Auburn at Atlanta.

Centre and South Carolina at Danville.

George Washington and Georgetown at Washington.

Johns Hopkins and Washington and Lee at Baltimore.

Tennessee and Kentucky at Knoxville.

Vanderbilt and University of the South at Nashville.

Virginia and North Carolina at Charlottesville.

The Georgia Tech-Auburn game ought to be a bear. Both are standing for the championship of the south, since Auburn defeated Centre. Auburn has lost only one game and that to the powerful Army eleven. Tech has lost to the Navy and Notre Dame, all teams out of their own sections.

West Virginia and Washington and Jefferson would have had the place of honor perhaps on the entire schedule, if W. and J. had not been defeated by Pittsburgh.

When the Presidents defeated Lafayette, they were regarded as having one of the greatest teams in the whole country, but they got a sad bumping from Pitt.

West Virginia is still undefeated and is in the running for the eastern championship. Although it seems that the Mountaineers have recruited another team of the ability of the 1919 and 1920 combinations, they should have a time with W. and J., as the Pennsylvanians hardly will play another game like they did against Pitt.

Washington and Oregon and Southern California and Washington State have the big games on the Pacific Coast.

## AMUSEMENTS

Marion Davis in the "Buried Treasure"

You will be transported to the picturesque days of pirate ships, of mutinies and gay romance in Marion Davis' Paramount picture, "Buried Treasure," which will be featured at the Lyceum theatre next Friday and Saturday. More than \$250,000 was spent for the lavish Joseph Urban sets, the hiring of thousands of extras and the star's jewels and costumes. It is from F. Britten Austen's story concerning the theory of reincarnation, published in Hearst's Magazine.

"The Wild Goose" by Gouverneur Morris, at Lyceum

Gouverneur Morris' fine novel "The Wild Goose," recently published by Charles Scribner's Sons, of New York, and which has been extensively sold, has been pictured by Cosmopolitan for Paramount, and it will be shown at the Lyceum theatre tonight and Thursday. Mary MacLaren and Holmes E. Herbert play the leading roles.

"The Wild Goose" was first published in serial form in Hearst's Magazine, whose circulation is 500,000 a month, beginning in September, 1918. The story caught on immediately and was widely read. Mr. Morris' other stories have found great favor with magazine readers. He was born in 1876 in New York City. He attended Yale University at New Haven, Conn., and graduated with a B. A. degree in 1898. Among the most noted of his works are "The Penalty," "When My Ship Comes in," and "The Goddess."

Wes Barry in New Screen Play  
Freckle-faced Wesley Barry, the inimitable movie celebrity, will grace the screen of the New Park on Saturday and Sunday in his latest starring vehicle, "School Days," made from the Gus Edwards classic of the same name.

The very mention of the words "School Days" holds an appeal for

## Do You Know?

—that Royal Baking Powder is made from Cream of Tartar?

—that Cream of Tartar is derived from grapes—rich, ripe, healthful grapes grown in the famous vineyards of southern France?

That is why Royal is so wholesome and healthful, why it gives the food such a fine, even texture and such a delicious, appetizing flavor.

It Contains No Alum  
Leaves No Bitter Taste

every mother who has boys, every man who remembers his boyhood, every human being who can thrill to the joys, the disappointments, the pranks and the glory of boyhood will gloat over the trials and tribulations of Speck Brown, better known to the screen world as Wes' Barry.

Briefly, the story centers around a small town boy who loves the old swimmin' hole and his dog, Hippy, better than anything else in the world. He meets a wealthy uncle who sends him east to get an education. Here he meets many youngsters of wealthy parents, and he finds himself out of the social swim. He is beset by many trials and tribulations, and finally he goes back home to his faithful dog and his little country sweetheart via the freight train route.

There are said to be many other interesting high-lights in the picture, in addition to a cast composed of a number of players who have graced the screen in scores of productions. The cast includes, in support of Wes' Barry, Nellie P. Spaulding, Margaret Seddon, Jerome Patrick, George Lessey, Arline Blackburn, J. H. Gilmore, John Galsworthy, Evelyn Sherman, Francis X. Conlan and Arnold Lucy. The production was made by Harry Rapf and directed by William Nigh.

## TO FRAME FARM LAWS PROGRAM

(By United Press)  
St. Paul, Nov. 29.—Representative W. I. Nolan, Minneapolis, endorsed for speaker of the coming legislature today, named a committee to frame a program of agricultural legislation.

The first meeting of the committee will be December 12th at the

capitol. There is one representative from each congressional district in the country. They include O. P. Jacobson of Little Falls.

## LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you

Eating too much meat may produce kidney trouble in some form or other, says a well-known authority, because the uric acid excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts, from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so that it no longer irritates, thus often ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.

## AMERICANS TO STAY ON RHINE

(By United Press)

Washington, Nov. 29.—The American army of occupation on the Rhine will not be returned to the United States for the present "because of an important reason in connection with foreign affairs," the United Press was informed by high authority of the government today.

This official stated that reason back of this government's decision to delay the orders for return of these forces could not be made public now. However, it was indicated that the continued maintenance of the American forces on the Rhine is due to the threatened crisis over the possibility that France will seize the Ruhr valley.

## SULPHUR IS BEST TO CLEAR UP UGLY SKIN

Irritation and Breaking Out Often Healed Over Night, Says Skin Specialist

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Menthosulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Menthosulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Menthosulphur may be obtained at any drug store. It is used like cold cream.

## "COLD IN THE HEAD"

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run down" condition. HALL'S CATARRH MEDICINE is a treatment consisting of an Ointment, to be used locally, and a Tonic, which acts quickly through the Blood on the Mucous Surfaces, building up the System, and making you less liable to "colds."

Sold by druggists for over 40 years. F. J. Cheney & Co., Toledo, O.  
6% MO.-EY. Under Bankers Reserve System 6% loans may be secured on city or farm property, to buy, build, improve, or pay indebtedness. Bankers Reserve Deposit Company, 1648 California Street, Denver, Colorado. 5153-14018WS

CYLINDERS REGROUND, not bored, glass finish accuracy. Largest and oldest plant of this kind in Minnesota. Practically new personnel; I do the grinding. Lightest cast iron piston in the world. ## SQUIRE EDGEGATE—The Young Lady Directs Him to a Dressing Room

BY LOUIS RICHARD

## FANNING WITH ARRELL

### LAST ACT OF 1922 FOOTBALL

By HENRY L. FARRELL  
United Press Sports Editor

New York, Nov. 29.—All the odds and ends of football will be gathered together tomorrow and tucked away on the shelf for the official finale of '22. Most of the Thanksgiving Days are survivals of the old established classics that have not given away to the modern idea of letting the grid warriors enjoy the holiday.

In point of tradition, the Cornell-Pennsylvania game at Philadelphia will be the biggest game of the day.

Cornell with one of the best teams in the country looks to be a long odds favorite, but Penn has refused to be influenced by any kind of doping and they may pull a surprise.

The Penn eleven has been the champion surprise team of the season. When they were doped as a sure loser, they won; when they were hailed as an easy winner, they lost.

Pittsburgh and Penn State are to have their usual tussle at Pittsburgh. Pitt had an in-and-out season losing to Lafayette, West Virginia and Syracuse, but in defeating Washington and Jefferson, Glenn Warner showed a real team. Defeated by Penn and the Navy and getting only a draw with Syracuse, Penn State has had sort of an off-season compared to the records of the past two seasons.

Pittsburgh looks to be a slight favorite.

In the middle-west the real battle of the day should be staged by Nebraska and Notre Dame. Both teams showed in the east and on the game they played, Notre Dame looks like the favorite.

Nebraska was not only beaten by Syracuse, but was made to look very bad with it. Notre Dame played one of the greatest Army teams of years to a scoreless tie and the honors all went to the westerners.

The south goes in more for "Turkey Day" games than any other section of the country and a number of good games will be played below the Mason-Dixon line. Among the headlines are:

Georgia Tech and Auburn at Atlanta.  
Centre and South Carolina at Danville.  
George Washington and Georgetown at Washington.  
Johns Hopkins and Washington and Lee at Baltimore.  
Tennessee and Kentucky at Knoxville.  
Vanderbilt and University of the South at Nashville.  
Virginia and North Carolina at Charlottesville.

The Georgia Tech-Auburn game ought to be a bear. Both are standing for the championship of the south, since Auburn defeated Centre. Auburn has lost only one game and that to the powerful Army eleven. Tech has lost to the Navy and Notre Dame, all teams out of their own sections.

West Virginia and Washington and Jefferson would have had the place of honor perhaps on the entire schedule, if W. and J. had not been defeated by Pittsburgh.

When the Presidents defeated Lafayette, they were regarded as having one of the greatest teams in the whole country, but they got a sad bumping from Pitt.

West Virginia is still undefeated and is in the running for the eastern championship. Although it seems that the Mountaineers have recruited another team of the ability of the 1919 and 1920 combinations, they should have a time with W. and J., as the Pennsylvanians hardly will play another game like they did against Pitt.

Washington and Oregon and Southern California and Washington State have the big games on the Pacific Coast.

## AMUSEMENTS

Marion Davis in the "Buried Treasure"

You will be transported to the picturesque days of pirate ships, of mutinies and gay romance in Marion Davies' Paramount picture, "Buried Treasure," which will be featured at the Lyceum theatre next Friday and Saturday. More than \$250,000 was spent for the lavish Joseph Urban sets, the hiring of thousands of extras and the star's jewels and costumes. It is from F. Britten Austen's story concerning the theory of reincarnation, published in Hearst's Magazine.

"The Wild Goose" by Gouverneur Morris, at Lyceum

Gouverneur Morris' fine novel "The Wild Goose," recently published by Charles Scribner's Sons, of New York, and which has been extensively sold, has been pictured by Cosmopolitan for Paramount, and it will be shown at the Lyceum theatre tonight and Thursday. Mary MacLaren and Holmes E. Herbert play the leading roles.

"The Wild Goose" was first published in serial form in Hearst's Magazine, whose circulation is 500,000 a month, beginning in September, 1918. The story caught on immediately and was widely read. Mr. Morris' other stories have found great favor with magazine readers. He was born in 1876 in New York City. He attended Yale University at New Haven, Conn., and graduated with a B. A. degree in 1898. Among the most noted of his works are "The Penalty," "When My Ship Comes in," and "The Goddess."

Wes Barry in New Screen Play  
Freckle-faced Wesley Barry, the inimitable movie celebrity, will grace the screen of the New Park on Saturday and Sunday in his latest starring vehicle, "School Days," made from the Gus Edwards classic of the same name.

The very mention of the words "School Days" holds an appeal for

## Do You Know?

—that Royal Baking Powder is made from Cream of Tartar?

—that Cream of Tartar is derived from grapes—rich, ripe, healthful grapes grown in the famous vineyards of southern France?

That is why Royal is so wholesome and healthful, why it gives the food such a fine, even texture and such a delicious, appetizing flavor.

It Contains No Alum  
Leaves No Bitter Taste

every mother who has boys, every man who remembers his boyhood, every human being who can thrill to the joys, the disappointments, the pranks and the glory of boyhood will gloat over the trials and tribulations of Speck Brown, better known to the screen world as Wes' Barry.

Briefly, the story centers around a small town boy who loves the old swimmin' hole and his dog, Hippy, better than anything else in the world. He meets a wealthy uncle who sends him east to get an education. Here he meets many youngsters of wealthy parents, and he finds himself out of the social swim. He is beset by many trials and tribulations, and finally he goes back home to his faithful dog and his little country sweetheart via the freight train route.

There are said to be many other interesting high-lights in the picture, in addition to a cast composed of a number of players who have graced the screen in scores of productions. The cast includes, in support of Wes' Barry, Nellie P. Spaulding, Margaret Seddon, Jerome Patrick, George Lessey, Arline Blackburn, J. H. Gilmore, John Galsworthy, Evelyn Sherman, Francis X. Conlan and Arnold Lucy. The production was made by Harry Rapf and directed by William Nigh.

## TO FRAME FARM LAWS PROGRAM

(By United Press)  
St. Paul, Nov. 29.—Representative W. L. Nolan, Minneapolis, endorsed for speaker of the coming legislature today, named a committee to frame a program of agricultural legislation.

The first meeting of the committee will be December 12th at the

capitol. There is one representative from each congressional district in the country. They include O. P. Jacobson of Little Falls.

## LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you

Eating too much meat may produce kidney trouble in some form or other, says a well-known authority, because the uric acid excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts, from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so that it no longer irritates, thus often ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. Adv.

## AMERICANS TO STAY ON RHINE

(By United Press)

Washington, Nov. 29.—The American army of occupation on the Rhine will not be returned to the United States for the present "because of an important reason in connection with foreign affairs," the United Press was informed by high authority of the government today.

This official statement that reason back of this government's decision to delay the orders for return of these forces could not be made public now. However, it was indicated that the continued maintenance of the American forces on the Rhine is due to the threatened crisis over the possibility that France will seize the Ruhr valley.
